- EE. “Subdivision,” the “Property,” and/or “Greens Prairie Reserve” means the Greens Prairie Reserve Subdivision located in Brazos County, Texas. The Subdivision may be supplemented as additional land is annexed into the Subdivision by the recording of an Annexation Agreement or Supplemental Amendment.
- FF. “Supplemental Amendment” or “Annexation Agreement” means an amendment or supplement to this Declaration that subjects additional property to this Declaration and/or imposes, expressly or by reference, additional or different restrictions, assessments and/or obligations on the land described therein. The term also refers to the instrument recorded by the Declarant or the Association pursuant to the provisions of this Declaration to subject additional property to this Declaration.

ARTICLE II. PURPOSE AND INTENT

The Subdivision, as initially planned, is intended to be a single-family, residential development that is planned to feature residential uses. This Declaration serves as the means by which design, maintenance and use of the Property, and additional property made a part of the Subdivision, will be established. Declarant reserves the right to change the initial development plan for residential uses to include a mix of both residential and commercial uses within the Greens Prairie Reserve development.

ARTICLE III. PROPERTY SUBJECT TO RESTRICTIONS

A. Property Initially Encumbered

Exhibit “A” contains the Eligible Property which is eligible to become annexed into the Subdivision. The annexation shall occur by the consent of the owner of the property to be annexed

and the Declarant, or the Association if the Declarant's Class B membership has ceased to exist or the twenty-five (25) year period set forth in subsection B below.

Exhibit "B" contains the Property that is initially encumbered by this Declaration and is therefore a part of the Subdivision and will be more particularly described in the Phase 101 Plat and the Phase 102 Plat once the plats are recorded. The Owner of the Property contained on Exhibit "B" is a Member of the Association and has executed this Declaration.

B. Annexation of Additional Property

Without the joinder of any other Owners or Members, the Declarant reserves the exclusive right for twenty-five (25) years following the recording of this Declaration to annex any or all Eligible Property included on Exhibit "A" hereto into the Subdivision. Such annexation will be accomplished by the execution and filing for record of a Supplemental Amendment or Annexation Agreement setting forth the land being annexed and/or the specific restrictions relating to such property, if different. Any Supplemental Amendment or Annexation Agreement may contain Assessments, covenants, conditions, restrictions and easements which apply only to the real property annexed and/or may create exceptions to, or otherwise modify, the terms of this Declaration as they may apply to the real property being annexed in order to reflect the different or unique character and/or intended use of such real property. Notwithstanding anything contained herein to the contrary, all dedicated City Parkland annexed into the Subdivision, including the improvements located thereon, shall be maintained by the Association at its sole expense.

Furthermore, without the joinder of any other Owners or Members, the Declarant reserves the exclusive right for twenty-five (25) years following the recording of this Declaration to add additional land into Exhibit "A" subject to the consent of the owner of such additional land, thereby increasing the amount of Eligible Property.

The right of the Declarant to annex land under this Section will automatically pass to the Association upon the expiration of the twenty-five (25) year term granted above.

C. Deannexation of Property

During the Development Period, the Declarant, without the joinder of any other Owners or Members, may deannex from the Subdivision any property owned by the Declarant. During the Development Period, property not owned by the Declarant may be deannexed with the prior written consent of the Declarant and the Owner thereof.

ARTICLE IV. ASSOCIATION MEMBERSHIP, VOTING RIGHTS, AND BOARD OF DIRECTORS

A. Eligibility

Eligibility to vote or serve as a director or officer of the Board, after the expiration of the term of the initial Board is predicated upon that person being a Member of the Association. Nothing contained herein creates a fiduciary duty owed by the Board to the Members of the Association.

B. Membership

Declarant and every record Owner will be a Member of the Association, excluding therefrom persons or entities holding an interest in the land merely as security for the performance of an obligation (such as a mortgagee, or holder of any other lien against property), unless that holder of the security interest foreclosed and thereby became the Owner of the Lot(s).

Membership is appurtenant to and runs with the land. Membership is not severable as an individual right and cannot be separately conveyed to any party or entity. Any one (1) Owner will have no more than one (1) Membership in the Association. All duties and obligations set forth in this Declaration are the responsibility of each Member. No waiver of use of rights of enjoyment created by this Declaration relieves Members or their successors or assigns of such duties or obligations. Mandatory membership begins with the execution of this Declaration and pass with title to the land (regardless of any method of conveyance) to any subsequent grantee, successor, or assignee of Members. Members in Good Standing have the right to the use and enjoyment of the Common Area in the Subdivision. Owners who are not Members in Good Standing may be prohibited from utilizing Common Areas in the Subdivision.

C. Voting Rights

The Association will initially have two (2) classes of membership, being Class A Members and Class B Members, as follows:

1. Class A Membership

Class A Members will be all Members with the exception of Class B Members, if any. Each Class A Member's voting rights are based on the number of Lots owned and are determined as follows:

One (1) vote is granted to Class A Members for each Lot owned.

Multiple Owners of any single Lot must vote in agreement (under any method they devise among themselves), but in no case will such multiple Owners cast portions of votes. The vote attributable to any single Lot must be voted in the same manner (i.e. all Owners of the Lot for, or all Owners of the Lot against a particular issue) but in no event can there be more than one Class A vote cast per Lot.

2. Class B Membership

Class B Members are the Declarant and any entity upon which Declarant, in its sole discretion, may confer Class B status in the Association. Declarant is entitled to three (3) times the total number of votes allocated to Class A Members. The Declarant's Class B Membership will terminate upon the earliest to occur of the following:

- a. When Declarant no longer owns any real property within the Subdivision;
- or

b. Such time as Declarant, in its sole discretion, so determines, provided however, that Declarant may assign its rights in whole or in part, permanent or temporary, at any time.

Declarant has the continuing right, at any time prior to the termination of Declarant's Class B Membership, without the joinder or consent of any other Owner, entity, lender or other Person, to confer Class B status in the Association on any Owner (with such Owner's consent), solely with respect to voting rights and/or Assessments (the "Conferral"). Provided, however, any such Conferral of Class B status does not have to be uniform as to all Class B Members. Declarant will evidence such Conferral of Class B status by filing in the Official Public Records of Brazos County, Texas, an instrument specifying the name and address of the party upon which Class B status has been conferred, setting forth a legal description for all of the real property to which such Class B conferral applies, and setting forth the terms of such Conferral. The Class B status so conferred by Declarant will terminate and such Owner will become a Class A Member of the Association, upon the earliest to occur of the following:

- i. Termination of Declarant's Class B status in the Association, as provided herein; or
- ii. A material violation by such Class B Member of any terms and conditions of the Conferral which has not been cured after the Class B Member has received notice of such violation and has failed to cure such violation; or
- iii. Expiration of the term of the Conferral, if any, provided in the Conferral.

D. Voting Procedures

Class A Members and Class B Members will exercise their votes as set out in the Dedicatory Instruments.

E. Right to Appoint/Elect Board of Directors

Declarant retains the authority to appoint all members of the Board until on or before the 120th day after the date that seventy-five percent (75%) of the Lots that may be created and made subject to the Declaration (as set forth hereinafter) are conveyed to Owners other than the Declarant or to a builder in the business of constructing homes who purchased the Lots from the Declarant for the purpose of selling completed homes built on the Lots, at which time one-third (1/3) of the Board members (who must be Members of the Association) must be elected by the Owners other than the Declarant, as set forth in the Bylaws.

After such date, Declarant will retain the authority to appoint the remaining two-thirds (2/3) of the members of the Board until such time as Declarant no longer owns any portion of the Property. The Declarant may assign the Association its authority to appoint some or all (as applicable) members of the Board, with such assignment evidenced by an instrument recorded in the Official Public Records of Brazos County, Texas.

Upon termination of Declarant's authority to appoint two-thirds (2/3) of the members of the Board, any remaining Class B Members will be converted to Class A Members and elections will be held to elect the members of the Board (who must be Members of the Association) pursuant to the provisions of the Certificate of Formation and the Bylaws of the Association. In the event Class B Membership terminates pursuant to the above provisions, and thereafter additional property is annexed into the jurisdiction of the Association, which results in the Declarant owning property in the Subdivision, only Declarant's Class B Membership will be restored (no other previously designated Class B Membership will be restored), until it again terminates as specified hereinabove. Notwithstanding anything contained herein to the contrary, the Declarant may assign, temporarily or permanently, all or a portion of its rights as Declarant to any person(s).

ARTICLE V. EFFECTIVE DATE OF DECLARATION

This Declaration will be effective as of the date it is recorded in the Official Public Records of Brazos County, Texas.

ARTICLE VI. USE RESTRICTIONS

Notwithstanding anything contained herein to the contrary, the provisions of this Article apply only to Lots unless other portions of the Property are specifically included in said provisions.

A. Single Family Residential Use Permitted; Leasing

Homesites within the Subdivision may only be used exclusively for single family residential use. The term "single family residential use" as used herein refers not only to the architectural design of the Dwelling but also to the permitted number of inhabitants, which is limited to a single family, as defined below. Furthermore, "single family residential use" means the use of and improvement to a Lot with no more than one building designed and used for living, sleeping, cooking, and eating therein. As used herein, the term "single family residential use" specifically prohibits, without limitation, the use of a Lot for a duplex, apartment, multi-family dwellings, a garage apartment or any other apartment or for any multi-family use, vacation rental by Owner, boarding house, "Airbnb", bed and breakfast or for any business, professional or other commercial activity. In no case may a Lot contain more than one Dwelling. Notwithstanding anything contained herein to the contrary, subject to prior ARC written approval, casitas, next generation, and mother-in-law type Dwellings may be permitted. No building, Outbuilding or portion thereof will be constructed for income property or such that Occupants would occupy less than the entire Lot and/or Homesite.

No Dwelling may be occupied by more than one single family. By way of illustration, the following is an example of an approved single family:

RESIDENT 1 AND RESIDENT 2 RESIDE IN DWELLING.

Additional approved residents are:

- a) children of either or both residents;
- b) no more than a total of 2 parents of the residents;
- c) one unrelated person; and
- d) one household employee.

It is permitted for Owners to lease a Dwelling in the Subdivision, so long as Occupants are leasing the entire land and improvements comprising the Homesite. No fraction or portion of any Dwelling may be leased or rented. "Leasing" for purposes of this Declaration, is defined as occupancy of a Dwelling for single family residential use by any person other than the Owner, for which the Owner receives any consideration or benefit, including, but not limited to, a fee, service, gratuity, or emolument. Provided, however, "leasing" for purposes of this Declaration does not include vacation rental by Owner, boarding house, "Airbnb", or bed and breakfast as such uses are strictly prohibited and are considered to be a business use. Leasing a Dwelling for single family residential use will not be considered a "business" (as set forth in detail hereinafter), provided that the Owner and any other Owners with whom such Owner is affiliated do not collectively lease or offer for lease more than one Dwelling at any time. This provision does not preclude the Association or an institutional lender from leasing a Dwelling upon taking title following foreclosure of its security interest in the Dwelling or upon acceptance of a deed in lieu of foreclosure.

All leases must be in writing and will contain such terms as the Board may prescribe from time to time. All leases will provide that they may be terminated in the event of a violation of the Declaration or the Dedicatory Instruments by an Occupant or Occupant's family, and the Board, in its sole discretion, may require termination by the Owner and eviction of the Occupant in such event. Rental or lease of the Lot and Dwelling will not relieve the Owner from compliance with this Declaration or the Dedicatory Instruments. The Board has the authority to adopt rules and/or a policy regarding the leasing of Lots and Dwellings within the Subdivision. Single family residential use does not include a Lease to tenants temporarily (less than ninety (90) days) or where the tenants do not intend to make the Lot and Dwelling their primary residence.

It is not the intent of this provision to exclude from a Lot any individual who is authorized to so remain by any state or federal law. If it is found that this provision is in violation of any law, then this provision will be interpreted to be as restrictive as possible to preserve as much of the original provision as allowed by law.

B. Non-Permitted Uses

1. No trade or business may be conducted in or from any Dwelling, Lot or Homesite, except such use within a Dwelling where (a) the existence or operation of the business activity is not apparent or detectable by sight, sound or smell from outside the Dwelling; (b) the business activity conforms to all governmental requirements and other Dedicatory Instruments applicable to the Property; (c) the business activity does not involve visitation to the Dwelling or Homesite by clients, customers, suppliers or other business invitees or door-to-door solicitation of Occupants of the Subdivision; and (d) the business activity is consistent with the residential character and use of the Property, does not constitute a nuisance, or a hazardous or offensive use, or threaten the security or safety of other residents of the Subdivision, as may be determined in the sole discretion of the Board. The uses set out in this Section 1 (a) through (d) are referred to singularly or collectively as an "Incidental Business Use." At no time may an Incidental Business Use cause increased parking or traffic within the Subdivision. Any increased parking or traffic within the Subdivision as a result of an Incidental Business Use will be deemed to be a Deed Restriction Violation. A day-care facility, home day-care facility, church, nursery, pre-

school, beauty parlor, or barber shop or other similar facility, vacation rental by Owner, boarding house, “Airbnb”, or bed and breakfast are expressly prohibited and are not considered to be an Incidental Business Use.

The terms “business” and “trade” as used in this provision are construed to have their ordinary, generally accepted meanings and include, without limitation, any occupation, work or activity undertaken on an ongoing basis that involves the manufacture or provision of goods or services for or to persons other than the Occupant’s family, regardless of whether: (i) such activity is engaged in full or part-time; (ii) such activity is intended to or does not generate a profit; or (iii) a license is required therefor. This Section does not apply to any activity conducted by the Declarant, or by a Builder with approval of the Declarant, with respect to its development and sale of the Property. Garage sales, attic sales, moving sales, or yard sales (or any similar vending of merchandise) conducted on any Homesite more than once per year will be considered business activity and therefore prohibited. The Association may, but is not required to, adopt rules and regulations regarding such sales. Notwithstanding anything contained herein to the contrary, estate sales are expressly prohibited.

2. No vehicles displaying signs or advertising will be permitted to be parked within Public View in the Subdivision, other than service vehicles contracted by Owners to perform specific services. No vehicles with more than two axles will be permitted to be parked or stored for a period in excess of twelve (12) hours per week in the Subdivision, without prior written permission of the Board, whose approval may be issued or withheld at its sole and absolute discretion.

3. No livestock, domestic or wild animals, nor plants or crops may be raised on any Homesite, Lot, or any portion of the Property for the purpose of breeding or selling same, whether for profit or not. Exchange of such animals, plants or produce for anything of value to the seller will constitute a sale of the merchandise and therefore prohibited under this provision.

C. Animals and Pets

No animals, livestock, including swine or poultry of any kind, shall be raised, bred, or kept on any portion of the Subdivision, except that dogs, cats, or other usual and common household pets, not to exceed a total of two (2) pets, may be permitted in or on a Homesite or in a Dwelling. The foregoing limitation on number of pets shall not apply to hamsters, small birds, fish or other constantly caged animals kept inside the Dwelling, nor shall it apply to require the removal of any litter born to a permitted pet prior to the time that the animals in such litter are three (3) months old. No pets are permitted to roam free. No animals or pets shall be kept, bred, or maintained for any commercial purpose. Dogs and cats shall at all times whenever they are outside a Dwelling and/or fence, be confined on a leash which must be held by a responsible person.

D. Antennas

No exterior antenna, aerial, satellite dish, or other apparatus for the reception of television, radio, satellite or other signals of any kind may be placed, erected, or maintained on a Lot if visible

from Public View, unless it is impossible to receive an acceptable quality signal from any other location. However, in that event, the receiving device may be placed in the least visible location where reception of an acceptable quality signal may be received. The Board may require painting or screening of the receiving device if painting or screening does not substantially interfere with an acceptable quality signal. In no event are the following devices permitted: (i) satellite dishes, which are larger than one (1) meter in diameter; (ii) broadcast antenna masts, which exceed the height of the center ridge of the roofline; and (iii) MMDS antenna masts, which exceed the height of twelve feet (12') above the center ridge of the roofline. No exterior antenna, aerial, satellite dish, or other apparatus which transmits television, radio, satellite or other signals of any kind are permitted on a Lot. This section is intended to comply with the Telecommunications Act of 1996 (the "Act"), as the Act may be amended from time to time, and FCC regulations promulgated under the Act. This section is to be interpreted as restrictive as possible while not violating the Act or FCC regulations. The Board may promulgate Guidelines which further define, restrict or address the placement and screening of receiving devices and masts, provided such Guidelines are in compliance with the Act and applicable FCC regulations.

Declarant and the Association shall have the right, without the obligation, to erect an aerial, satellite dish, or other apparatus (of any size) for a master antenna, cable, or other communication system for the benefit of all or any portion of the Subdivision, should any master system or systems require such exterior apparatus.

E. Basketball Goals and Backboards

No basketball goal, net and/or backboard may be kept, placed or mounted upon any Lot or kept, placed, attached or mounted to any fence or Dwelling without prior written approval by the ARC. All basketball goals and/or backboards are subject to the Guidelines as to type, location, and hours of use. All basketball goals and/or backboards shall at all times be maintained and kept in good condition. If any basketball goal, net and/or backboard is placed within the Subdivision in violation of this Declaration, the Association or its agents shall be authorized to exercise its Self Help remedy, as set forth in this Declaration, to bring the Owner's Lot into compliance with this provision.

F. Drilling

No drilling or related operations of any kind shall be permitted upon, under, on or in any Lot, nor shall any wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any Lot, including water wells for potable or non-potable uses. Provided, however, the Declarant, the Association and/or the municipal utility district (or other entity owning such land) has the right to drill water wells for non-potable uses upon the Common Area and Area of Common Responsibility (with any such land owner's approval) for purposes including, but not limited to, irrigation of recreational fields, parks and other open area.

G. Exterior Seasonal Decorations

The display of exterior seasonal decorations, by way of illustration but not limited to lights, banners, flags, wreaths, shall be subject to reasonable rules and regulations, if any, promulgated by the Board. Such rules may address the appearance and length of time of such display. Such

display shall be maintained and kept in good condition at all times. If any exterior seasonal decorations are placed, or remain, within the Subdivision in violation of this Declaration or the Dedicatory Instruments, the Board or its agents shall be authorized to exercise its Self Help remedy, to bring the Owner's Lot into compliance with this provision.

H. Flags and Flagpoles

The size, number, and placement of flagpoles, and the display of flags within the Subdivision, shall be subject to any applicable Guidelines, rules or policies adopted by the Board. The Declarant, by promulgating this Section, is not attempting to violate any local, state or federal law. This Section shall be interpreted to be as restrictive as possible while not violating any laws of the State of Texas and/or the United States of America.

I. General Nuisances

No portion of the Subdivision shall be used, in whole or in part, for the storage of any property or thing that will cause it to appear to be in an unclean or untidy condition or that will be obnoxious to the eye; nor shall any substance, thing, animal, or material be kept upon any portion of the Subdivision that will emit foul or obnoxious odors or that will cause any noise or other condition that will or might disturb the peace, quiet, comfort, or serenity of the Owners and/or Occupants of surrounding Homesites and users of the Common Areas.

No noxious, illegal, or offensive activity shall be carried on upon any portion of the Subdivision, nor shall anything be done thereon tending to cause embarrassment, discomfort, annoyance, or nuisance to any person using any portion of the Subdivision. There shall not be maintained any plants, animals, device or thing of any sort whose activities or existence in any way is noxious, dangerous, unsightly, unpleasant, or of a nature as may diminish or destroy the enjoyment of the Subdivision. No outside burning of wood (except for wood burned in approved outdoor fire pits and fireplaces), leaves, trash, garbage or household refuse shall be permitted within the Subdivision. No speaker, horn, whistle, bell or other sound device, except alarm devices used exclusively for residential monitoring purposes, shall be installed or operated on the Property, unless required by federal, state or local regulation. The use and discharge of firecrackers and other fireworks is prohibited within the Subdivision.

It shall be the responsibility of each Owner to prevent the development of any unclean, unhealthy, unsightly, or unkempt condition on his or her Lot or Homesite. The pursuit of hobbies or other visible activities, including specifically, without limiting the generality of the foregoing, the assembly and disassembly of motor vehicles and other mechanical devices, that might tend to cause disorderly, unsightly, or unkempt conditions, may not be pursued or undertaken on any part of the Subdivision. Notwithstanding the above, the disassembly and assembly of motor vehicles to perform repair work may be permitted provided such activities are not conducted on a regular or frequent basis, and are either conducted entirely within an enclosed garage or, if conducted outside, are begun and completed within twelve (12) hours.

Notwithstanding anything contained herein to the contrary, the Association shall have the right but not the obligation to enter upon any Common Area, Area of Common Responsibility and/or street right-of-way and remove signs not authorized by the Board in advance, and/or to

regulate (including, but not limited to, the prohibition of) street vending and similar non-approved activities.

No portion of the Subdivision shall be used, in whole or in part, in a way that creates a nuisance within the Subdivision. Activities or conditions constituting a nuisance are incapable of exhaustive definition which will fit all cases, but they can include those activities and conditions that endanger life or health, give unreasonable offense to senses, or obstruct reasonable use of property. Those activities or conditions that cause minor and/or infrequent disturbances resulting from ordinary life activities within a deed restricted community are not intended to constitute a nuisance. Whether such activity or condition constitutes a nuisance will be determined by the Board. The Board may adopt rules or policies to further define what constitutes a nuisance, as warranted.

J. Generators

The size, number, placement, and other characteristics of standby electric generators within the Subdivision shall be subject to any applicable Guidelines, rules or policies adopted by the Board.

K. Monuments and Fences

The Declarant and the Association, including their respective designees, are hereby granted an easement to place, maintain and repair a monument or marker within the Subdivision.

Fencing on all Lots within the Subdivision shall be as set forth in the Guidelines or other Dedicatory Instrument and shall be subject to prior written approval by the ARC. Unless otherwise set forth herein or in another Dedicatory Instrument, Owners shall be responsible for the ongoing maintenance, repair and/or replacement of all fences in existence at the time of their purchase of the Lot. Replacement fences shall be of a similar material and design as originally constructed. The maintenance of any portion of a fence which lies between Lots shall be the joint responsibility of the Lot Owners on whose property the fence lies between. In the event an Owner fails to repair, replace or maintain any fence in a manner consistent with the Community Wide Standard in the sole discretion of the Board, the Board may exercise its Self Help remedy pursuant to the terms set forth in this Declaration, and shall have the right, but not the obligation, through its agents, contractors and/or employees to enter such Lot for the repair and/or replacement of such fence after notice to the Owner. Any expense incurred by the Association in effectuating such repairs/replacement shall be the responsibility of the Owner(s) having such obligation to maintain, or will be split evenly between adjoining Lot Owners if a common fence is involved, and shall be secured by the continuing lien on the Lot.

Owners are advised that there may be "Community Fences" located within various reserve areas throughout the Subdivision. In some instances, a Community Fence may be located on the Lot line of a particular Lot. The Association has sole discretion in determining which fences in the Subdivision are Community Fences. The Community Fences may serve as side or rear fencing to various Lots that are adjacent to such Community Fences ("Adjacent Lot"). The Community Fences will not be owned by adjacent Lot Owners, and may be owned by the Association or another entity. In instances where a reserve containing a Community Fence is owned by an entity

other than the Association, the Community Fence located therein may be owned by the entity and may be maintained by such entity and/or the Association. In instances where a reserve containing a Community Fence is owned by the Association, the Community Fence located therein will be owned and maintained by the Association, with such maintenance to be at the Board's sole discretion. There is no requirement that a Community Fence be replaced with the materials as originally constructed, and the replacement Community Fence materials shall be determined at the discretion of the ARC.

Where applicable, Owners of Lots that are located adjacent to a Community Fence ("Adjacent Lot Owners") may abut (but not mechanically attach) their fencing to the adjacent Community Fence. Portions of the reserves located within the fenced area of a Lot adjacent to a Community Fence (the "Community Fence Reserve Area"), if any, shall be made available by the Association or entity owning such reserve for the benefit and use of the Adjacent Lot Owners, but such Adjacent Lot Owners shall not be vested with title to the Community Fence Reserve Area. Adjacent Lot Owners are not permitted to place or construct, either temporarily or permanently, any structures or improvements within the Community Fence Reserve Area unless the Adjacent Lot Owners have first obtained approval in writing from the ARC. Adjacent Lot Owners shall have the right to use their respective Community Fence Reserve Area subject to the following:

- Adjacent Lot Owners are not permitted to attach anything, temporarily or permanently, to the Community Fence, including any fencing abutting the Community Fence.
- Adjacent Lot Owners shall be required to maintain any landscaping located in the Community Fence Reserve Area, including trimming and spraying for insects.
- Adjacent Lot Owners are not permitted to take any action to alter the drainage pattern that has been established for the Community Fence or Community Fence Reserve Area.
- Adjacent Lot Owners are not permitted to place or construct, either temporarily or permanently, any structures or improvements within the Community Fence Reserve Area unless the Adjacent Lot Owners have first obtained approval in writing from the Association.
- Adjacent Lot Owners shall have the obligation to maintain the Community Fence Reserve Area in a clean and neat condition and in compliance with the Dedicatory Instruments of the Subdivision at all times.

The Adjacent Lot Owners and the Declarant hereby grant an easement to the Association and to the owner of the Community Fence, as applicable, over and across each Adjacent Lot to the extent necessary for the construction, maintenance, reconstruction, inspection of the Community Fence and inspection of the Community Fence Reserve Area. The Declarant hereby reserves unto itself an easement over and across each Adjacent Lot to the extent necessary for the construction, maintenance, reconstruction, inspection of the Community Fence and inspection of the Community Fence Reserve Area. The Declarant, the Association and/or the owner of the Community Fence, as applicable, shall give the Adjacent Lot Owners at least twenty-four (24) hours written notice prior to exercising their right of entry as set out herein. Notwithstanding

anything contained herein to the contrary, written notice of the Declarant's, the Association's and/or the owner of the Community Fence, as applicable, intent to enter upon the Adjacent Lot shall not be required in the event of an emergency. Adjacent Lot Owners hereby agree to hold harmless the Declarant and the Association, and their respective directors, officers, agents, successors and assigns, and release them from any liability for the placement of, construction, design, repair, maintenance and replacement of Community Fences and Community Reserve Areas, and agree to indemnify the parties released from any damages they may sustain. Owners further grant an easement to the Declarant and the Association for any incidental noise, lighting, odors, parking and/or traffic, which may occur due to the existence, installation, maintenance, repair, and/or replacement of Community Fences and Community Fence Reserve Areas.

The Association's maintenance obligation of the Community Fences extends only to normal wear and tear of such fencing. Any damage caused to a Community Fence by an Owner or Occupant that is beyond normal wear and tear will be repaired by the Association or the owner of the Community Fence, as applicable, at the Owner's expense. The Board has the sole discretion to determine what constitutes normal wear and tear. In exercising its obligations set forth herein, the Association shall not be subject to any liability for trespass, other tort or damages in connection with or arising from such exercise of its obligations set forth herein, nor in any way shall the Association and the ARC, or their agents, be liable for any accounting or other claim for such action. Further, in exercising its obligations set forth herein, the Association is not liable for any loss or damage to landscaping (soft or hardscape) that encroaches upon a Community Fence and/or any existing materials that are affixed to the Community Fence in violation of this provision, including but not limited to any Owner fencing that is connected to a Community Fence and any owner's decorations or other personal items.

L. Outbuildings

Outbuildings shall not be constructed or placed on a Lot within the Subdivision without the prior written approval of the ARC. Reasonable Guidelines may be established from time to time addressing factors including, but not limited to, the appearance, type, size, quality and location of Outbuildings on a Lot.

M. Outside Storage and Trash Collection

No equipment, machinery, or materials of any kind or nature shall be stored on any Homesite forward of the fence at the front wall of the Dwelling situated thereon, unless the equipment, machinery or materials is being used temporarily (not more than one week) and is incident to repair or construction of the Dwelling or Homesite. All equipment, machinery, and materials shall be properly stored out of sight of every other Homesite immediately after use of such item, and all trash, debris, excess, or unused materials or supplies shall likewise be disposed of immediately off of the Homesite, or stored out of view until trash collection occurs.

Trash may only be placed outside for collection the evening before collection. Such trash must be contained to protect from animals or spillage and trash cans must be removed from sight the same evening of collection. No outdoor incinerators shall be kept or maintained on any Lot.

N. Parking and Prohibited Vehicles

No commercial vehicles or non-motorized vehicles, by way of example and not limitation, tow trucks, plumbing or similar service type vans or trucks, boat, trailer, marine craft, recreational vehicle, camper rig off of truck, hovercraft, aircraft, machinery or equipment of any kind may be parked or stored on any part of any Lot, street, easement, or right-of-way, unless such vehicle or object is completely concealed from Public View inside a garage or enclosure approved by the ARC.

Passenger automobiles, passenger vans, motorcycles, or pick-up trucks that: (a) are in operating condition; (b) are qualified by current vehicle registration and inspection stickers; (c) are currently licensed and in daily use as motor vehicles on the streets and highways of the State of Texas; (d) do not exceed Eighty inches (80”) in height, or One Hundred inches (100”) in width and (e) have no advertising or signs located thereon, may be parked in the driveway on a Lot, however, no vehicle shall be parked so as to obstruct or block a sidewalk or be parked on a grassy area. The restriction concerning advertising and signs shall not apply to any vehicles, machinery, or equipment temporarily parked and in use for the construction, repair or maintenance of a Dwelling in the immediate vicinity. Storage of any vehicles in the street is prohibited. Storage shall mean the parking of a vehicle for the shorter of: (i) seventy-two (72) consecutive hours or (ii) seven (7) days in any calendar month, whichever occurs first.

Vehicles to be parked on a Homesite must meet the restrictions of this Declaration and the Dedicatory Instruments, and at all times be operable (unless otherwise completely concealed in an enclosed garage), have current license tags, current state inspection stickers, and comply with current mandatory insurance under the laws of the State of Texas. Any vehicle not in daily use as a motor vehicle on the streets and highways of the State of Texas and not in compliance with the foregoing shall be considered stored on the property and such storage is strictly prohibited unless same is completely concealed in an enclosed garage. A vehicle that cannot physically fit within the designed garage of the Dwelling with the door closed will be construed as a vehicle not incident to residential use of a Homesite.

Recreational vehicles, such as mobile homes, motor homes, campers, and boats are not considered vehicles incident to the residential use of a Homesite and therefore are not permitted to be stored outside of the garage or ARC approved enclosure on a Homesite for any period of time greater than forty-eight (48) hours. A recreational vehicle with not more than two (2) axles may be parked in front of or on the Homesite for up to forty-eight (48) hours for loading, and unloading only.

Notwithstanding anything contained herein to the contrary, the Board may promulgate parking rules which may change the dimensions of permitted vehicles and/or the length of time for temporary parking or storage of vehicles. If there is a conflict between this Section and parking rules promulgated by the Board, the parking rules shall control.

The Association may establish from time to time reasonable rules regarding the use, maintenance and parking of vehicles on private and/or public streets, and the Association has discretion to determine the various types of vehicles that fall within the scope of any such rules.

O. Play Structures

Play Structures (as defined herein) shall not be constructed or placed on a Lot within the Subdivision without the prior written approval of the ARC. Guidelines may be established from time to time regarding play forts, play houses, swing sets and other recreational equipment (“Play Structures”), taking into account such factors including but not limited to the overall height, size, location and number of Play Structures placed on a Lot. In setting the Guidelines, factors including but not limited to the size and configuration of the Lot, the location of the Lot in the community, the location of the Play Structure on the Lot, the type of fencing on the Lot and visibility of the Play Structure from streets, other Lots, or the Common Areas may be taken into account.

P. Screening

No Owner or Occupant of any portion of the Property shall permit the keeping of articles, goods, materials, utility boxes, refuse, trash, storage tanks, or like equipment on the Property which may be considered a nuisance or hazard in the sole discretion of the Board. Air conditioners, utility boxes, garbage containers, antennas to the extent reasonably possible and pursuant to the terms set forth herein, or like equipment, shall not be kept in Public View and must be placed in a location first approved in writing by the ARC. Such screen shall be of a height at least equal to that of the materials or equipment being stored, but in no event shall such screen be more than six feet (6’) in height. Added screening must also be provided to shield such stored materials and equipment from grade view from adjacent Dwellings or Common Area. Utility boxes must be screened so that they are not visible from the street and as may be set out in the Guidelines. A combination of trees, hedges, shrubs or fences should be used as screening material, as same may be set out in the Guidelines. All screening designs, locations, and materials are subject to prior written ARC approval. Any such screening installed must be maintained in a clean and neat manner at all times, and may not detract from the appearance of the Property.

Q. Signs

No sign or emblem of any kind may be kept or placed upon any Lot or mounted, painted or attached to any Dwelling, fence or other improvement upon such Lot so as to be visible from Public View except the following:

1. For Sale Signs. An Owner may erect one (1) sign on his Lot, not exceeding 2’x3’ in area, fastened only to a stake in the ground and extending not more than three (3’) feet above the surface of such Lot advertising the property for sale.
2. Political Signs. Pursuant to Texas Property Code §202.009, or its successor statute, political signs are approved as temporary signage on Lots for all local, state, or federal election purposes, provided that they meet the following criteria:
 - (a) Maximum sign size cannot exceed 4 feet by 6 feet.
 - (b) Signs must be ground-mounted. No sign can be mounted on any exterior part of the dwelling, garages, patios, fences or walls.
 - (c) Signs may be posted not more than 90 days prior to the election and must be removed within 10 days after the election.

- (d) Signs may not contain roofing material, siding, paving materials, flora, one or more balloons or lights, or any other similar building, landscaping, or nonstandard decorative component.
- (e) No sign can be attached in any way to plant material, a traffic control device, a light, a trailer, a vehicle, or any other existing structure or object.
- (f) No sign may involve the painting of architectural surfaces.
- (g) No sign may threaten the public health or safety or violate a law.
- (h) No sign may contain language, graphics or any display that would be offensive to the ordinary person.
- (i) No sign may be accompanied by music or other sounds or by streamers or is otherwise distracting to motorists.
- (j) Political signs are prohibited on any Common Area or facilities owned by the Association, including any public or private street right of way utility easements.
- (k) Only one sign per candidate or ballot item shall be allowed.

3. School Spirit Signs. Signs containing information about one or more students residing in the Dwelling and the school they attend shall be permitted so long as the sign is not more than 36" x 36" and is fastened only to a stake in the ground. There may be no more than one sign for each student residing in the Dwelling, and said signs may not be displayed more than ten (10) days in any calendar month, for more than three (3) months in a calendar year.

4. Security Signs/Stickers. Signs or stickers provided to an Owner by a commercial security or alarm company providing service to the Dwelling shall be permitted so long as the sign is not more than 8" x 8" or the sticker is no more than 4" x 4". There shall be no more than one sign and no more than six (6) stickers located on the windows or doors. Stickers shall also be permitted upon windows and doors for a "Child Find" program or a similar program sponsored by a local police and/or local fire department.

All signs and emblems within the Subdivision may be subject to Guidelines.

A Builder and/or the Declarant may place certain information and advertising signs on Lots without the prior permission of the ARC, so long as such signs are similar to those listed as acceptable for Builder use in the Guidelines, and so long as such signs do not otherwise violate this Declaration.

If any sign is placed within the Subdivision, including but not limited to the streets, street right-of-ways, and Common Areas, in violation of this Declaration or the Dedicatory Instruments, the Board or its agents shall have the right but not the obligation to enter upon any Lot, Homesite, street, street right-of-way, or Common Area and remove and/or dispose of any such sign violation, and in doing so shall not be subject to any liability for trespass, other tort or damages in connection with or arising from such entry, removal and/or disposal nor in any way shall the Association or its agent be liable for any accounting or other claim for such action.

Guidelines may be established from time to time addressing the display of signs, including but not limited to billboards, posters, school activities, political signs, security signs/stickers and advertising devices within the Subdivision. The right is reserved by Declarant to construct and

maintain, or to allow Builders to construct and maintain signs and other advertising devices on land they own and on the Common Area as is customary in connection with the sale of developed tracts and newly constructed residential Dwellings. In addition, the Declarant and the Association shall have the right to erect and maintain directional and informational signs along the streets within the Property and identifying signs and monuments at entrances to the Subdivision.

R. Swimming Pools/Spas

No above ground swimming pools are permitted. Additionally, no fiberglass in-ground pools are permitted. The ARC has discretion to determine approval materials regarding swimming pools and spas. All swimming pools and spas require prior written approval by the ARC.

S. Tree Removal

No trees greater than three (3) caliper inches to be measured at a point twelve (12) inches above grade shall be removed, except for diseased or dead trees and trees needing to be removed to promote the growth of other trees or for safety reasons, unless approved in writing by the ARC. In the event of an intentional or unintentional violation of this Section, the violator may be required to replace the removed tree with one (1) or more comparable trees of such size and number, and in such locations, as the Board may determine necessary, in its sole discretion, to mitigate the damage.

T. Window Air Conditioning Units

No window or wall type air conditioners shall be permitted to be used, placed or maintained on or in any building on the Lots, with the exception that window or wall type air conditioners shall be permitted for the benefit of a garage if such air conditioning unit is located at the rear of the garage unit and is screened from Public View. All window air conditioning units require prior written ARC approval as set forth herein.

All livings areas within the home, including any room additions, must be centrally air-conditioned, unless otherwise approved by the ARC. Units that are alternatives to centrally air-conditioned units must be screened from Public View, and will require ARC approval.

U. Wind Turbines

No device used to convert wind into energy, including by way of illustration and not limitation, wind turbines, wind pumps, wind chargers and windmills, shall be permitted to be used, placed or maintained in any location within the Subdivision. Provided, however, this provision does not apply to Common Areas within the Subdivision. The Board shall have the sole discretion to determine what devices are prohibited pursuant to this provision.

V. Window Treatments

Within three (3) months of occupying a Dwelling on any Homesite, an Owner shall install appropriate window treatments in keeping with the Community Wide Standard. Appropriate window treatments would include, by way of illustration and not limitation, curtains and draperies with backing material of white, light beige, cream, light tan, or light gray; blinds or miniblinds of

the same colors or natural wood; and/or shutters of the same colors or natural wood. No other window treatment color may be visible from the exterior of the Dwelling. The Board shall have the sole discretion to determine what window treatments are appropriate.

Expressly prohibited both before and after the initial three (3) months of occupancy are any temporary or disposable coverings not consistent with the Community Wide Standard, such as reflective materials, newspapers, shower curtains, fabric not sewn into finished curtains or draperies, other paper, plastic, cardboard, or other materials not expressly made for or commonly used by the general public for window coverings in a residential subdivision of the same caliber as the Subdivision.

**ARTICLE VII. COMMON AREA, AREA OF COMMON RESPONSIBILITY,
AND CITY PARKLAND**

The Board, subject to the rights of the Members set forth in this Declaration and any amendments or Supplemental Amendments thereto, shall be responsible for the exclusive management and control of the Common Areas shown on the Phase 101 Plat and the Phase 102 Plat (which may be referred to herein collectively as the "Common Areas") and all improvements thereon and shall keep it in good, clean, attractive and sanitary condition. No Owner or Occupant may appropriate any portion of the Common Area or any improvement thereon for his or her own exclusive use. Any Owner or Occupant that causes damage to the Common Area shall be financially responsible for said damage. The cost of repair, if not timely paid by the Owner (subject to any notice that may be required by law), shall be assessed against the Owner's Lot and secured by the continuing lien set forth in this Declaration. Some or all of the Preservation Areas, Conservation Areas, Trails, and Non-buildable Areas (as same are defined herein) will be Common Area.

The Declarant, and its designees, may transfer or convey at any time to the Association interests in real or personal property within or for the benefit of the Subdivision, and the Association is hereby obligated to accept such transfers and conveyances, even if such transfer or conveyance occurs after the termination of the Development Period. Such property may be improved or unimproved and may consist of fee simple title, easements, leases, licenses, or other real or personal property interests. Real property transferred to the Association by the Declarant, or its designees, may be transferred via a deed without warranty; provided, however, the property shall be transferred free and clear of all liens and mortgages at the time of such transfer. Upon the Declarant's written request, the Association shall reconvey to the Declarant any unimproved real property that the Declarant originally conveyed to the Association for no payment, to the extent conveyed in error or needed to make minor adjustments in property lines or accommodate changes in the development plan.

The Developer (during the Development Period) or the Association (after the expiration of the Development Period) reserves the sole and exclusive right to amend existing Common Areas, add new Common Areas, and amend any permissible activities within or rights to access the Common Areas. The Developer and Association make no representations, guarantees or warranties of any nature as to the longevity and mortality of habitats found throughout the Subdivision.

Owners hereby covenant (i) not to possess any Common Area in any manner adverse to the Association, and (ii) not to claim or assert any interest or title in any Common Area. Owners hereby waive their right to adversely possess any Common Area, and hereby acknowledge and agree that any claim of adverse possession by an Owner of any Common Area shall be void.

The Association shall maintain the Area of Common Responsibility in accordance with the Community-Wide Standard. The Area of Common Responsibility includes, but is not limited to:

- (a) the Common Area;
- (b) any walking paths or trail system located within the Subdivision;
- (c) landscaping within public rights-of-way within or abutting public streets to the extent that reasonable governmental authorities do not maintain it to the Community-Wide Standard;
- (d) such portions of any additional property as may be dictated by the Declarant, this Declaration, any Dedicatory Instrument or any covenants or agreement for maintenance entered into by, or otherwise binding on the Association; and
- (e) any property and facilities that the Declarant owns and makes available, on a temporary or permanent basis, for the primary use and enjoyment of the Association and its members. The Declarant shall identify any such property and facilities by written notice to the Association, and they shall remain part of the Area of Common Responsibility until the Declarant revokes such privilege of use and enjoyment by written notice to the Association; and
- (f) City Parkland.

The Association may maintain other property it does not own, including, without limitation, Lots, property dedicated to the public, or property owned or maintained by another association if the Board determines that such maintenance is necessary or desirable to maintain the Community-Wide Standard. To the extent permitted by Texas law, the Association shall not be liable for any damage or injury occurring on, or arising out of the condition of, property it does not own.

ARTICLE VIII. NOTICES AND EASEMENTS

A. Easements for Green Belt, Pond Maintenance, Flood Water and Other Landscape Reserves

The Declarant and Association reserve for themselves and their successors, assigns and designees the non-exclusive right and easement, but not the obligation, to enter upon the green belts, landscape reserves, ponds, and other bodies of water located within the Property (a) to install, keep, maintain and replace pumps in order to obtain water for the irrigation of any of the Common Area, (b) to construct, maintain and repair any fountain, wall, dam, hardedge, canal, or other structure retaining water therein, and (c) to remove trash and other debris and fulfill their

maintenance responsibilities as provided in this Declaration. Declarant's rights and easements hereunder shall automatically terminate at such time as Declarant shall cease to own any portion of the Property subject to the Declaration. The Declarant, the Association, and their designees shall have an access easement over and across any portion of the Property abutting or containing any portion of any of the green belts and landscape reserves to the extent reasonably necessary to exercise their rights and responsibilities under this Declaration.

There is further reserved, for the benefit of Declarant, the Association, and their designees, a perpetual, non-exclusive right and easement of access and encroachment over Common Areas in order to enter upon and across such portions of the Property for the purpose of exercising rights and performing obligations under this Declaration. All persons entitled to exercise these easements shall use reasonable care in, and repair any damage resulting from, the intentional exercise of such easements. Nothing herein shall be construed to make Declarant or any other person or entity liable for damage resulting from flood due to hurricanes, heavy rainfall, or other natural disasters.

There is further reserved for the Declarant, the Association and/or their designees an easement for the over spray of herbicides, fungicides, pesticides, fertilizers, and water over portions of the Subdivision located adjacent to the Common Area, any landscape/open space reserves, greenbelts, canals, ponds, or other bodies of water.

B. Natural Conditions

The Subdivision may contain a number of manmade, natural, and environmentally sensitive areas that may serve as habitats for a variety of native plants and wildlife, including, without limitation, insects, venomous and non-venomous snakes and other reptiles, deer, armadillos, and other animals, some of which may pose hazards to persons or pets coming in contact with them. Each Owner and Occupant of any Lot, and every person entering the Subdivision: (i) acknowledges that such plants and wildlife are indigenous to the area and are not restrained or restricted in their movements within or throughout the Subdivision; and (ii) assumes all risk of personal injury arising from the presence of such plants and wildlife within the Subdivision. Neither the Association, the Declarant, any successor declarant, nor the members, partners, affiliates, officers, directors, agents or employees of any of the foregoing, shall have any duty to take action to control, remove, or eradicate any plant or wildlife in the Subdivision, nor shall they have any liability for any injury resulting from the presence, movement, or propagation of any plant or wildlife within or though the Subdivision.

C. Easements to Serve Additional Property

The Declarant and Association, including their duly authorized agents, representatives, and employees, designees, successors, assignees, licensees and mortgagees, shall have and there is hereby reserved an easement over the Common Areas for the purposes of enjoyment, use, access and development of any annexed property, whether or not such Property is made subject to this Declaration. This easement includes but is not limited to a right of ingress and egress over the Common Areas for construction of roads and for tying in and installation of utilities on any annexed property.

Declarant agrees that if an easement is exercised for permanent access to any annexed property and such property or any portion thereof is not made subject to this Declaration, the Declarant shall enter into a reasonable agreement with the Association to share the cost of maintenance to any access roadway serving the property. Such agreement shall provide for sharing of costs based on the ratio that the number of Dwellings or buildings on that portion of the property that is served by the easement and is not made subject to this Declaration bears to the total number of Dwellings and buildings within the Subdivision.

D. Utilities and General

There are hereby reserved unto Declarant, so long as the Declarant owns any Property, the Association, and the designees of each (which may include, without limitation, Brazos County and any utility companies) access and maintenance easements (collectively referred to as the "Access Easements") upon, across, over, and under the Property to the extent reasonably necessary for the purpose of replacing, repairing, and maintaining any or all of the following which may exist now or in the future: cable television systems, Wi-Fi systems, master television antenna systems, monitoring and similar systems, roads, walkways, bicycle pathways, wetlands, drainage systems, street lights, signage, and all utilities, including, but not limited to, water, sewers, meter boxes, telephone, gas, and electricity (collectively the "Systems"). There are hereby additionally reserved unto Declarant, so long as the Declarant owns any Property, the Association, and the designees of each (which may include, without limitation, Brazos County and any utility companies) an easement for the installation of the foregoing Systems (referred to as the "Installation Easements"). Such Installation Easements shall be restricted in location to the Property that Declarant and the Association own or within easements designated for such purposes on recorded plats of the Subdivision or other Dedicatory Instrument.

Notwithstanding anything contained herein to the contrary, driveways and sidewalks shall not be considered by the ARC or the Association to be an encroachment into to the Access Easements or Installation Easements. However, Owners, including Builders, must verify all easements affecting their Lot and obtain any necessary approval from the easement holder prior to submission of plans to the ARC. Upon the transfer of title of a Lot from Declarant to an Owner, including Builders, the Access Easement covering the entirety of such Lot shall automatically reduce in size to the width of the Installation Easements on the Lot.

Notwithstanding anything to the contrary herein, the Access Easements and Installation Easements shall not entitle the holders of such easements to access, construct or install any of the foregoing Systems over, under or through any existing Dwelling; any damage to a Homesite resulting from the exercise of the Access Easements and/or Installation Easements shall promptly be repaired by, and at the expense of, the person or entity exercising the Access Easements and/or Installation Easements. The exercise of the Access Easements and Installation Easements shall not unreasonably interfere with the use of any Homesite.

Without limiting the generality of the foregoing, there are hereby reserved for the local water supplier, electric company, internet provider, cable company and natural gas supplier easements across all the Common Areas for ingress, egress, installation, reading, replacing, repairing and maintaining all utilities, including but not limited to utility meters boxes, installation equipment, water, sewers, telephone, gas, electricity, internet, service equipment, and any other

device, machinery or equipment necessary for the proper functioning of the utility; however, the exercise of this easement shall not extend to unauthorized entry into the Dwelling on any Homesite, except in an emergency. Notwithstanding anything to the contrary contained in this Section, no sewers, electrical lines, water lines, or other utilities may be installed or relocated on the Property, except as may be approved by the Board or Declarant.

E. Detention

Owners of Lots within the Subdivision are hereby advised that there exists in Phase 102 a detention area/amenity pond as shown on the Phase 102 Plat as Common Area "A" (the "Detention Area"). Owners are advised that one or more fountains have been or may be installed in the Detention Area, and the defined term of "Detention Area" as used herein includes any such fountains. Owners of Lots within the Subdivision are hereby advised that there may be potentially dangerous conditions that may exist near the Detention Area such as, by way of illustration and not limitation, the following: holes, streams, roots, stumps, ditches, gullies, erosion and/or instability of natural topography, insects, reptiles, and/or animals. It is possible for some or all of these conditions to extend into the Subdivision and the Lots within the Subdivision.

Owners and Occupants hereby agree to hold harmless the Declarant and the Association, its directors and officers, and release them from any liability for the existence, placement, construction, design, operation, replacement and/or maintenance of the Detention Area and agree to indemnify such released parties from any liability arising out of or related to such Owner's or Occupant's use of, or proximity to the Detention Area. Each Owner and Occupant acknowledges and understands that the Association, its Board, and the Declarant are not insurers and that each Owner and Occupant assumes all risks for loss or damage to persons, and further acknowledge that the Association, its directors, officers, managers, agents, or employees, the Declarant or any successor declarant have made no representations or warranties nor has any Owner or Occupant relied upon any representations or warranties, expressed or implied, relative to water level variances, safety, any use, and/or any future change in use of the Detention Area.

Owners grant an easement to the Declarant and the Association, or their respective designees, for any incidental noise, lighting, odors, parking, visibility and/or traffic, which may occur in the operation of the Detention Area. There is further reserved for the Declarant, the Association and/or their designees an easement to the extent necessary over portions of Lots located adjacent to the Detention Area for variances in water level and/or overspray of any products used to control vegetation and water quality within the Detention Area.

The Declarant and/or the Association have the right to promulgate rules and regulations governing the use of the Detention Area and shall not be responsible for any loss, damage, or injury to any person or property arising out of the authorized or unauthorized use of the Detention Area.

Owners and Occupants of Lots that are adjacent to or abut the Detention Area shall take care and shall not permit any trash, fertilizers, chemicals, petroleum products, environmental hazards or any other foreign matters to infiltrate the Detention Area. Any Owner or Occupant permitting or causing such infiltration shall indemnify and hold harmless the Association, its directors and officers, for all costs of clean up and remediation necessary to restore the Detention Area to its condition immediately prior to said infiltration. Notwithstanding the foregoing, the

Association, and the Declarant (for so long as the Declarant owns property that is or may be subjected to this Declaration) may use and regulate the use of the Detention Area for the irrigation of the Common Areas, or for any other purpose deemed appropriate by the Board or the Declarant, subject to the terms of any easement agreement affecting such use. The Declarant's rights under this Section shall be superior to any rights of the Association.

F. Common Areas in Phase 101

Owners of Lots within the Subdivision are hereby advised that there exist Phase 101 Common Areas "A" and "B" within the Subdivision as shown in the Common Area Table on the Phase 101 Plat, restricted in their use to landscape/monument signage (collectively the "Common Areas").

Owners and Occupants hereby agree to hold harmless the Declarant and the Association, its directors and officers, and release them from any liability for the existence, placement, construction, design, operation, replacement and/or maintenance of the Phase 101 Common Areas and agree to indemnify such released parties from any liability arising out of or related to such Owner's or Occupant's use of, or proximity to, the Phase 101 Common Areas. Each Owner and Occupant acknowledges and understands that the Association, its Board, and the Declarant are not insurers and that each Owner and Occupant assumes all risks for loss or damage to persons, and further acknowledge that the Association, its directors, officers, managers, agents, or employees, the Declarant or any successor declarant have made no representations or warranties nor has any Owner or Occupant relied upon any representations or warranties, expressed or implied, relative to water level variances, safety, any use, and/or any future change in use of the Phase 101 Common Areas.

Owners grant an easement to the Declarant and the Association, or their respective designees, for any incidental noise, lighting, odors, parking, visibility and/or traffic, which may occur in the operation of the Phase 101 Common Areas. There is further reserved for the Declarant, the Association and/or their designees an easement to the extent necessary over portions of Lots located adjacent to the Phase 101 Common Areas for variances in water level and/or overspray of any products used to control vegetation and water quality within the Phase 101 Common Areas.

The Declarant and/or the Association have the right to promulgate rules and regulations governing the use of the Phase 101 Common Areas and shall not be responsible for any loss, damage, or injury to any person or property arising out of the authorized or unauthorized use of the Phase 101 Common Areas.

Owners and Occupants of Lots that are adjacent to or abut the Phase 101 Common Areas shall take care and shall not permit any trash, fertilizers, chemicals, petroleum products, environmental hazards or any other foreign matters to infiltrate the Phase 101 Common Areas. Notwithstanding the foregoing, the Association, and the Declarant (for so long as the Declarant owns property that is or may be subjected to this Declaration) may use and regulate the use of the Phase 101 Common Areas for the irrigation of the Common Areas, or for any other purpose deemed appropriate by the Board or the Declarant, subject to the terms of any easement agreement affecting such use. The Declarant's rights under this Section shall be superior to any rights of the Association.

G. Phase 101 City Parkland Areas

Owners of Lots within the Subdivision are hereby advised that there exist City Parkland Areas "A" and "E" restricted in their use to Parkland, and Parkland Areas "B", "C", and "D" restricted in their use to Parkland/BTU Access, as shown in the Parkland Table on the Phase 101 Plat (collectively the "Phase 101 City Parkland Areas"). Owners and Occupants hereby agree to hold harmless the Declarant and the Association, its directors and officers, and release them from any liability for the existence, placement, construction, design, operation, replacement and/or maintenance of the Phase 101 City Parkland Areas and agree to indemnify such released parties from any liability arising out of or related to such Owner's or Occupant's use of, or proximity to, the Phase 101 Parkland Areas. Each Owner and Occupant acknowledges and understands that the Association, its directors and officers, and the Declarant are not insurers and that each Owner and Occupant assumes all risks for loss or damage to persons, and further acknowledge that the Association, its directors, officers, managers, agents, or employees, the Declarant or any successor declarant have made no representations or warranties nor has any Owner or Occupant relied upon any representations or warranties, expressed or implied, relative to safety, any use, and/or any future change in use of the Phase 101 Parkland Areas.

Owners grant an easement to the Declarant and the Association, or their respective designees, for any incidental noise, lighting, odors, parking, visibility and/or traffic, which may occur in the operation of the Phase 101 City Parkland Areas. Any Owner or Occupant permitting or causing such infiltration shall indemnify and hold harmless the Association, its directors and officers, for all costs of clean up and remediation necessary to restore the Phase 101 Parkland Areas to their condition immediately prior to said infiltration.

AS REQUIRED BY THE UDO, AND TO THE EXTENT PERMITTED BY LAW, THE ASSOCIATION HEREBY INDEMNIFIES, DEFENDS AND HOLDS HARMLESS THE CITY OF COLLEGE STATION AND ITS OFFICIALS, AGENTS, EMPLOYEES AND CONTRACTORS (COLLECTIVELY THE "INDEMNITEES") FROM AND AGAINST ANY LOSS, LIABILITY,

DEMAND, DAMAGE, JUDGMENT, SUIT, CLAIM DEFICIENCY, INTEREST, FEE CHARGE, COST OR EXPENSE (INCLUDING WITHOUT LIMITATION, INTEREST, COURT COST AND PENALTIES, REASONABLE ATTORNEY'S FEES AND DISBURSEMENT AND AMOUNTS PAID IN SETTLEMENT OR LIABILITIES RESULTING FROM ANY CHARGE IN FEDERAL, STATE OR LOCAL LAW OR REGULATION OR INTERPRETATION HEREOF) OF WHATEVER NATURE (COLLECTIVELY A "CLAIM"), EVEN WHEN CAUSED IN WHOLE OR IN PART BY THE CITY'S NEGLIGENCE OR THE JOINT OR CONCURRING NEGLIGENCE OF THE CITY, WHICH MAY RESULT OR TO WHICH THE INDEMNITEES MAY SUSTAIN, SUFFER, INCUR OR BECOME SUBJECT TO IN CONNECTION WITH OR ARISING OUT OF THE MAINTENANCE, REPAIR, USE OF THE COMMON AREA, OR ANY ACTIVITY DIRECTLY CONNECTED THERETO. H. Common Areas in Phase 102

Owners of Lots within the Subdivision are hereby advised that there exist Phase 102 Common Areas "A" through "N" within the Subdivision as shown in the Common Area Table on the Phase 102 Plat (collectively the "Phase 102 Common Areas"). The Phase 102 Common Areas are restricted in their use as shown in the Common Area Table on the Phase 102 Plat, which may include one or more of the following uses: open space, trail, detention, amenity pond, public utilities, monument signage, drainage, utilities, BTU access, landscape use.

Owners and Occupants hereby agree to hold harmless the Declarant and the Association, its directors and officers, and release them from any liability for the existence, placement, construction, design, operation, replacement and/or maintenance of the Phase 102 Common Areas and agree to indemnify such released parties from any liability arising out of or related to such Owner's or Occupant's use of, or proximity to, the Phase 102 Common Areas. Each Owner and Occupant acknowledges and understands that the Association, its Board, and the Declarant are not insurers and that each Owner and Occupant assumes all risks for loss or damage to persons, and further acknowledge that the Association, its directors, officers, managers, agents, or employees, the Declarant or any successor declarant have made no representations or warranties nor has any Owner or Occupant relied upon any representations or warranties, expressed or implied, relative to water level variances, safety, any use, and/or any future change in use of the Phase 102 Common Areas.

Owners grant an easement to the Declarant and the Association, or their respective designees, for any incidental noise, lighting, odors, parking, visibility and/or traffic, which may occur in the operation of the Phase 102 Common Areas. Notwithstanding the foregoing, the Association, and the Declarant (for so long as the Declarant owns property that is or may be subjected to this Declaration) may use and regulate the use of the Phase 101 Common Areas for the irrigation of the Common Areas, or for any other purpose deemed appropriate by the Board or the Declarant, subject to the terms of any easement agreement affecting such use. The Declarant's rights under this Section shall be superior to any rights of the Association.

I. Preservation, Conservation Areas, Trails

The Subdivision may contain a number of manmade, natural, and environmentally sensitive areas which may include, by way of illustration and not limitation ("Preservation Areas"). The Preservation Areas will be maintained by the Association; provided however, Preservation Areas may not be regularly mowed by the Association, in its sole discretion, to preserve their natural appearance. Preservation Areas will be depicted on the applicable plat. The Association may establish, from time to time, reasonable rules regarding Owners or Occupants access to and use of the Preservation Areas.

The Subdivision may contain a number of conservation areas for the purpose of natural wildlife habitat preservation, conservation, and passive recreation purposes ("Conservation Areas"). Conservation Areas will be maintained by the Association, in its sole discretion, in their natural condition. No clearing is allowed, except in a public utility easement. Conservation Areas will be depicted on the applicable plat. Conservation Areas may include private parks and/or Trails. Conservation Areas may be set aside, enhanced and/or managed for specific habitat, aquatic or wildlife management for species indigenous to that area or region of the Subdivision. No Owner or Occupant, guest, or invitee of an Owner or Occupant may disturb or harm any plants, trees, or animals within the Conservation Areas. The Association may establish, from time to time, reasonable rules regarding Owners or Occupants access to and use of the Conservation Areas.

The Subdivision may contain a number of private trails for the purpose of pedestrian use as depicted on an applicable plat ("Trails"). The Association may establish, from time to time, reasonable rules regarding Owners or Occupants access to and use of the Trails. No bicycles (unless specifically permitted in a Dedicatory Instrument), or vehicles powered by battery, gasoline, diesel, propane or hydrocarbon-fueled engines may be used on the Trails; provided however, the Declarant and Association may use motorized vehicles on the Trails for the construction, maintenance, inspection and repair of the Trails. No animals, other than domestic pets on a leash held by a responsible person, may use the Trails.

Sidewalks and Trails that are located within a Preservation Area or Conservation Area will be regularly mowed and maintained by the Association and kept free and clear from over growth, including a strip two (2) feet wide adjacent to the edge of the sidewalk or Trail.

Private drainage swales, detention facilities and storm sewers, depicted on an applicable plat, beyond the limits of the right-of-way will be maintained by the Association.

ARTICLE IX. DEED RESTRICTION ENFORCEMENT

A. Authority to Promulgate Rules, Policies, and Guidelines

The Board has the authority, without the obligation, to promulgate, amend, cancel, limit, create exceptions to, and enforce reasonable rules, policies, and Guidelines, including but not limited to rules and policies concerning the administration of the Property, the enforcement of the Dedicatory Instruments, the use and enjoyment of the Property, limitations on the use of the Common Area, establishing and setting the amount of fines for violations of the Dedicatory Instruments and all fees and costs generated in the enforcement of the Dedicatory Instruments. Such rules, policies, and Guidelines shall be binding upon all Owners and Occupants, if any. The rights and remedies contained in this Article are cumulative and supplement all other rights of enforcement under applicable law.

B. Attorney's Fees and Fines

In addition to all other remedies that may be available, after giving notice and an opportunity to be heard as may be required by §209 of the Texas Property Code, as same may be amended, the Association has the right to collect attorney's fees and/or fines as set by the Board from any Owner that is in violation of the Dedicatory Instruments, any applicable Supplemental Amendment or amendments, any Guidelines, or any other rule or regulation promulgated by the Board pursuant to the provisions set forth herein. Said attorneys fees and fines shall be added to the violating Owner's Assessment account and shall be secured by the continuing lien on the Lot.

C. Remedies

Every Owner shall comply with all provisions of the Dedicatory Instruments. Failure to comply shall be grounds for an action to recover sums due, for damages or injunctive relief, or for any other remedy available at law or in equity, maintainable by the Association. In addition, the Board has the authority, but not the obligation, to enforce the covenants, conditions and restrictions contained in the Dedicatory Instruments, and to regulate the use, maintenance, repair replacement, modification, and appearance of the Subdivision, and may avail itself of any and all remedies provided in the Dedicatory Instruments and local, state and federal law. Notwithstanding anything contained herein to the contrary, the Board shall have no duty, legal or otherwise, to institute legal or other proceedings on behalf of or in the name of an Owner.

The decision to pursue enforcement action in any particular case shall be left to the Board's discretion. Without limiting the generality of the foregoing sentence, the Board may determine that, under the circumstances of a particular case:

- (i) the Association's position is not strong enough to justify taking any or further action;

- (ii) although a technical violation may exist or may have occurred, it is not of such a material nature as to be objectionable to a reasonable person or to justify expending the Association's resources; or
- (iii) that it is not in the Association's best interests, based upon hardship, expense, or other reasonable criteria, to pursue enforcement action.

Such decision shall not be construed a waiver of the Association's right to enforce such provision at a later time under other circumstances or preclude the Association from enforcing any Dedicatory Instrument.

D. Enforcement by Owners

Each Lot Owner is empowered to enforce the covenants, conditions and restrictions contained in the Dedicatory Instruments; provided, however, no Owner shall have the right to enforce the lien rights retained in this Declaration in favor of the Association and/or other rights, regarding Assessments, fines, or other charges retained by the Association.

E. Self Help

"Self Help" shall mean the authority, but not the obligation, of the Association, upon approval of not less than a majority of the Board members, to enter upon a Lot, Homesite or other area that is an Owner's responsibility to maintain (such as sidewalks that may be adjacent to an Owner's Lot) and cause to be performed any of the Owner's maintenance and repair obligations, or acts required by that Owner to bring his/her Lot, Homesite, or other area into compliance with the Dedicatory Instruments, if said Owner fails to perform same after written demand from the Board. In exercising its Self Help remedy, the Association shall not be subject to any liability for trespass, other tort or damages in connection with or arising from such exercise of Self Help, nor in any way shall the Association or its agent be liable for any accounting or other claim for such action. The Association shall have the right, but not the obligation, to enter into any Lot, Homesite, or other area for emergency, security, and safety reasons, and to inspect for the purpose of ensuring compliance with the Dedicatory Instruments, which right may be exercised by the Association's Board, officers, agents, employees, managers, and all policemen, firemen, ambulance personnel, and similar emergency personnel in the performance of their respective duties. Except in the case of emergency situations, and as otherwise specified herein, the Association shall give the violating Owner notice as may be required by law, of its intent to exercise Self Help.

Subject to any notice that may be required by law, any costs incurred by the Association in the exercise of its Self Help remedy shall be the personal obligation of the person or entity who was the Owner of the Lot at the time when the Self Help costs were incurred. Subject to any notice that may be required by law, the costs incurred by the Association in exercising its Self Help remedy, which costs may include by way of illustration and not limitation, the actual costs incurred by the Association and an administrative fee set by the Board, may be charged to the subject Owner's Assessment account and shall be supported by the continuing lien created herein.

ARTICLE X. ARCHITECTURAL RESTRICTIONS

NOTE WELL: The provisions of this Article are broad and sweeping and an extremely wide range of activities are regulated hereby. Owners are advised to review this Article and the Guidelines carefully to ensure that they comply with all of the requirements before commencing any work or engaging in any activity on or in connection with their Lot or Dwelling to ensure they comply with all of the provisions set forth herein and in the Guidelines. Work commenced, performed, or completed without prior approval as required herein, in the Guidelines, or otherwise in violation of the terms of the Dedicatory Instruments, or applicable law may subject the Owner of the Lot to substantial costs, expenses, fees, and penalties, which may be in addition to a requirement that the Lot and/or Dwelling be restored to its original condition. All references herein to ARC approval, shall mean the prior written approval of the ARC.

A. Architectural Review Committee - "ARC"

The ARC shall be a committee of the Board. In the absence of a designation by the Declarant, the initial ARC shall be composed of the individuals designated as the initial members of the Board as set forth in the Association's Certificate of Formation; provided however, the Declarant shall have the sole authority to designate all members of the ARC who need not be members of the Board. One member of the ARC may be designated as the representative to act on behalf of the ARC. During the Development Period, the Declarant reserves the right to appoint replacements as necessary by reason of resignation, removal or incapacity. The Declarant shall retain the right of ARC appointment and removal until the first to occur of the following:

1. the Declarant no longer owns any portion of the Property, or
2. the Declarant relinquishes, in writing, its authority over ARC appointment.

At such time, the Board of the Association shall have the right to replace such ARC members by duly appointing Owners who are Members in Good Standing with the Association. The Board reserves the right to appoint replacements as necessary by reason of resignation, removal or incapacity. Such removal and/or appointment shall be at the sole authority and discretion of the Board. The Board shall have the right to review any action or non-action taken by the ARC and shall be the final authority as to all ARC matters, including aesthetics and determination of the Community Wide Standard.

At any time prior to the happening of (1) or (2) above, the Declarant may, without obligation, assign to the Board, or such other person the Declarant deems appropriate, all or a portion of Declarant's ARC rights and/or the responsibility for review and approval of modifications to existing Dwellings.

Guidelines may be promulgated and amended by the Declarant during the Development Period. After the expiration of the Development Period, Guidelines may be promulgated and amended by the Board. Provided however, any such amendments shall not be applied retroactively to reverse a prior approval granted by the ARC or the Board to any Owner. Guidelines may be modified or amended as deemed necessary and appropriate for the orderly development of the

Subdivision, including, but not limited to, those portions of the Guidelines regarding workmanship, materials, building methods, observance of requirements concerning installation and maintenance of public utility facilities and services, and compliance with governmental regulations. Subject to the provisions herein, there shall be no limitation on the scope of amendments to the Guidelines, and such amendments may remove requirements previously imposed or otherwise make the Guidelines less restrictive. The rules, standards, and procedures set forth in the Guidelines, as same may be amended from time to time, shall be binding and enforceable against each Owner in the same manner as any Dedicatory Instrument. Further, different Guidelines for additional property that may be annexed into the Property may be promulgated.

The ARC shall have the authority, but not the obligation, to delegate review and approval or denial of plans for modifications of existing improvements within the Subdivision to a Modifications Committee. The members of the Modifications Committee shall be appointed, and may be removed, by the Declarant during the Development Period, and thereafter by the Board. A denial by the Modifications Committee, if it is created, may be appealed to the ARC.

B. ARC Approval Required

No buildings, Hardscape, additions, modifications (including tree removal) or improvements shall be erected, placed or performed on any Lot or Homesite until the construction plans and specifications including, but not limited to, the site plan, design development plan, and exterior plan have been submitted in duplicate to and approved in writing by the ARC as hereinafter provided. Further, the ARC may review, approve or deny applications for improvements within right-of-way areas that are adjacent to a Lot. Provided, however, the Association, the Board and the ARC are not liable for any injuries or damages that may arise from or may be related to any approved improvements located within a right-of-way area adjacent to a Lot. Builders may submit their design plans as master design plans, which plans shall include all specifications, including specifications as to brick color and paint color that may be used when building each design. In the event the ARC fails to approve such plans and specifications within thirty (30) days after the receipt thereof, they shall be deemed to be disapproved. In no case may construction begin prior to approval of plans by the ARC. If plans are disapproved, no construction can commence until revised plans are submitted and approved by the ARC. The Board has the right to establish and charge a review fee, to be paid at the time of submittal of plans and any revisions. If a fee is set and not paid, the thirty (30) day time period set out herein shall not begin to run until the fee is paid.

In reviewing each application, the ARC may consider any factors it deems relevant, including, without limitation, harmony of the proposed external design with surrounding structures and environment. Decisions may be based on purely aesthetic considerations. Each Owner acknowledges that such determinations are purely subjective and that opinions may vary as to the desirability and/or attractiveness of particular improvements. Subject to the Board's authority herein, the ARC shall have sole discretion to make final, conclusive and binding determinations on matters of aesthetic judgment, and such determinations shall not be subject to the procedures in Article XVII or judicial review so long as they are made in good faith and in accordance with required procedures.

The ARC is hereby vested with the right, but not the obligation, to refuse to review a request for an improvement or modification, or to deny such a request, if the Owner requesting same is not a Member in Good Standing. The Board, on behalf of the ARC, may retain and/or delegate review of plans and specifications to a designated AIA architect or other such person or firm as may be designated by the Board, experienced or qualified to review same, who may then render an opinion to the ARC or Board. Approval of plans and specifications shall not cover or include approval for any other purpose and specifically, but without limitation, shall not be construed as any representation as to or responsibility for the structural design or engineering of the improvement or the ultimate construction thereof.

The Board shall have the authority hereunder to require any Owner or Owner's agents or contractors to cease and desist in constructing or altering any improvements on any Homesite, where such actions have not first been reviewed and approved, constitute a violation of the Dedicatory Instruments or any other documents promulgated by the Board pursuant to the provisions set forth herein. Written notice may be delivered to the Owner, or any agent or contractor with apparent authority to accept same, and such notice shall be binding on Owner as if actually delivered to Owner. The violating Owner shall remove such violating improvements or sitework at its sole expense and without delay, returning same to its original condition or bringing the Homesite into compliance with the Dedicatory Instruments and any plans and specifications approved by the ARC for construction on that Homesite. If an Owner proceeds with construction that is not approved by the ARC, or that is a variance of the approved plans, the Association may assess fines as provided for herein, and may continue to assess such fines until ARC approval is granted or the violation is removed. This Declaration is notice of such liability for violation and Owners hereby agree to bear the cost and expense to cure any violations according to this provision, regardless of the substantial cost, time or loss of business involved. Each Owner acknowledges that it may not always be possible to identify objectionable features of proposed construction or alteration of improvements until such construction and/or alteration is completed, in which case it may be unreasonable to require changes to the improvements involved; however, the ARC may refuse to approve similar proposals in the future.

The Board or its agents or assigns shall have the right, but not the obligation, to enter any Lot or Homesite to determine if violations of this Declaration, the Guidelines, or any other Dedicatory Instrument exist. In so doing, the Board or its agents or assigns shall not be subject to any liability for trespass, other tort or damages in connection with or arising from such entry nor in any way shall the Association or its agent be liable for any accounting or other claim for such action.

The ARC shall have the right to set reasonable time constraints for both the commencement and completion of construction, which constraints shall be no less than ninety (90) days to commence construction and no more than nine (9) months to complete construction. If construction fails to start before the designated commencement date or is not completed before the designated completion date the plans shall be deemed not approved. Plan approval shall be effective for twelve (12) months after issued by the ARC. If no construction has been commenced within the twelve (12) month period after ARC approval, the plan approval shall expire, and plans must be re-submitted prior to commencement of construction.

C. Building Setbacks

No Dwelling or other structure (including any protrusion from same) shall be erected nearer to any street or property line than as established herein, in a Supplemental Amendment, in the Guidelines or the applicable plat or other Dedicatory Instrument. In the event there is a conflict between the Guidelines, this Declaration, any other documents imposed upon the Property that contain a setback requirement, and the applicable plat, the more restrictive will control. Notwithstanding anything to the contrary herein, in no case shall any setback on any Lot be less than the width of any easement existing on a Lot, as shown on the applicable plat. All Dwellings shall be oriented to the front of the Lot. The ARC has discretion to designate the “front” of a Lot. Unless otherwise provided on the applicable plat or other Dedicatory Instrument, the setback requirements are as follows:

	Front	Driveway	Rear first floor	Rear second floor
Classic Homesites (70')	15	20	7.5	20
Heritage Homesite (90-100')	15	20	7.5	20

All corner lots 10' side setbacks
 All side setbacks 7.5'

The combining of no more than two (2) Lots to create one Homesite may be permitted subject to prior written approval of the ARC and partial release(s) by Declarant, to the extent necessary, of easements created herein. All governmental requirements must be complied with as to combining one Lot with another Lot. If Lots are combined the side set back lines shall be measured from resulting side property lines rather than from the Lot lines as indicated on the applicable plat. The combining of two Lots shall not forgive the obligation to pay Assessments on all Lots so combined. By way of example and not limitation, if two Lots are combined to create one Homesite, the Homesite shall be obligated to pay two Assessments.

D. Landscaping

All open, unpaved space in the front and at the sides of a Homesite, shall be planted and landscaped. Landscaping in accordance with the plans approved by the ARC must be installed prior to occupancy of any Dwelling constructed on the Property.

Any significant changes in the existing landscaping on any Homesite must have prior written approval from the ARC.

Notwithstanding anything contained herein to the contrary, landscaping minimum standards may be established in the Guidelines. The ARC shall have discretion to determine if, as, or when the landscaping on a Lot does not meet the minimum standards established in the Guidelines.

E. Grading and Drainage

Topography of each and every Homesite must be maintained with proper grading and drainage systems such that runoff of water (rain or other precipitation, or manmade irrigation) does

not cause undue erosion of the subject Homesite itself or any other Homesites, whether adjacent to the subject Homesite or not, or to the Common Areas. Owners causing (either directly or indirectly) erosion or other incidental damage to personal or real property due to inadequate or defective grading or drainage measures on their own Homesite, or because of excess runoff shall be liable to all such damaged parties for the replacement, repair and/or restoration of such damaged real or personal property.

Owners shall be responsible for ensuring that all local, state and federal rules and regulations regarding drainage and run-off are met.

F. Temporary Structures

Temporary structures may only be erected on undeveloped Property by Builders with the prior written approval of the ARC, or the Declarant. By way of illustration and not limitation, temporary structures may include construction trailers and temporary construction debris receptacles. All temporary structures shall be maintained in good condition and all construction debris shall be contained to the site. Time limitations for such structures are limited to the period of active and exclusive construction and sales within the Subdivision.

G. Garages

Dwellings must at all times have either attached or detached garages. Garages are required to maintain fully operational overhead doors which are in good condition at all times. No garages may be used for or converted to a living area.

H. Square Footage

Dwellings must contain a minimum square footage of living area which does not include porches, garages or non-airconditioned areas based on Lot width as follows:

<u>Lot Width</u>	<u>Minimum Square Footage</u>	<u>Maximum Square Footage</u>
------------------	-------------------------------	-------------------------------

The following Lots are "Classic Homesites":

70 feet	1,850	2,950
---------	-------	-------

The following Lots are "Heritage Homesites":

90-100'	2,950	
---------	-------	--

Notwithstanding anything contained herein to the contrary, in the event that a Lot does not clearly fall into one of the Lot width bands set forth above, the ARC has the authority, in its sole and absolute discretion, to determine the applicable Lot width and square footage requirements for any such Lot.

Notwithstanding anything contained herein to the contrary, the Declarant hereby reserves the unilateral right to develop the Subdivision, and/or any additional property which may be subjected to this Declaration, in any manner consistent with residential use, including but not limited to Dwellings which may contain higher or lower square footage in other portions of the Subdivision.

ARTICLE XI. MAINTENANCE

A. General Maintenance

Each Owner shall maintain and keep in good repair his or her Dwelling and all structures, parking areas and other improvements, including driveway and its apron portion forward of the building line comprising the Homesite. All structures and other improvements designed to be painted must be kept painted and the paint may not be allowed to become faded, cracked, flaked or damaged in any manner. Grass, vegetation and weeds on each Homesite shall be cut as often as may be necessary to maintain the same in a neat and attractive condition. Grass growing onto or over sidewalks, driveways, and curbs shall be presumed to be unattractive.

Sidewalks, curbs, and driveways servicing a particular Lot, whether constructed within the boundaries of such Lot or within the street right-of-way adjacent to such Lot, shall be maintained, repaired and replaced, as needed, by the Owner of such Lot, subject to prior written approval of the ARC. Where applicable, each Owner shall also be responsible for maintaining and irrigating the landscaping adjacent to a public right-of-way located between the boundary of their Lot and the street. Owners may not remove grass, trees, shrubs, or similar vegetation from this area without prior written approval from the ARC.

B. Landscaping

In the event any Owner of any Homesite within the Property fails to maintain the landscaping, grass or vegetation of a Homesite in a manner consistent with the Community Wide Standard established within the Property and satisfactory to the Board, the Board, after providing notice as may be required by law setting forth the action intended to be taken by the Association and after approval by a majority vote of the Board, shall have the right but not the obligation, through its agent, contractors and/or employees, to exercise its Self Help remedy to bring the Owner's Lot into compliance with this provision.

C. Dwelling and Improvement Exteriors

In the event any Owner of any Homesite fails to maintain the exterior of the Homesite or improvement (including but not limited to the exterior of the Dwelling, improvement or other structures and the parking areas) in a manner consistent with the Community Wide Standard established within the Property as solely determined by the Board, the Board, after providing notice as may be required by law setting forth the action intended to be taken by the Association and after approval by a majority vote of the Board, shall have the right, but not the obligation, through its agents, contractors and/or employees, to enter upon said Homesite and to exercise its Self Help remedy to bring the Owner's Lot into compliance with this provision.

D. Other Hazards

To the extent necessary to prevent pest infestation, diminish fire hazards and/or diminish hazards caused by structural damage, the Association shall have the right, but not the obligation, through its agents, contractors and/or employees, to enter any unoccupied Dwelling or other improvement located upon such Homesite, without notice to take the action necessary to prevent such pest infestation, diminish such fire hazards or diminish hazards caused by structural damage

at the Owner's expense. Any such expenses, including administrative fees set by the Board, incurred by the Association shall be secured by the continuing lien created herein.

E. Liability, Cost and Approval

Neither the Association nor its agents, contractors, or employees shall be liable, and are expressly relieved from any liability, for trespass or other tort in connection with the exercise of its Self Help remedy, including the performance of the exterior maintenance, landscaping or other work authorized in this Declaration. The cost, including administrative fees set by the Board, of such exterior maintenance, interior hazard diminution and other work shall be the personal obligation of the Owner of the Homesite on which it was performed and shall become part of the Assessment payable by the Owner and secured by the lien retained in the Declaration. Alternately, the Association or any Owner of a Homesite may bring an action at law or in equity to cause the Owner to bring said Homesite into compliance with these restrictions.

All Owners' replacement, repair and restoration practices as to the improvements on Property within the Subdivision are subject to the prior written approval of the ARC and must comply with all Guidelines which may change from time to time, as found necessary and appropriate in the discretion of the Board.

F. Casualty Losses

It shall be the Owner's obligation to have repaired or reconstructed any damage or destruction to their Dwelling or Lot. If a Dwelling, landscaping, Outbuilding or any other improvement located on a Lot is damaged by fire, storm, or any other casualty, the Owner shall bring the affected Lot and all improvements thereon, as applicable, into compliance with the Dedicatory Instruments within six (6) months of the date of the casualty, pursuant to the architectural requirements and approval process set forth in the Dedicatory Instruments. Regarding Dwellings that are totally destroyed due to casualty, the Owner(s) of such Dwellings must have the Dwellings or damaged portions of the Dwellings razed within ninety (90) days of the date of the casualty, and replaced within twelve (12) months of the date of the casualty, subject to ARC prior written approval.

ARTICLE XII. VARIANCES

The Board, or its duly authorized representative, may authorize variances from compliance with any of the architectural provisions of this Declaration or Dedicatory Instruments, unless specifically prohibited, including restrictions upon height, size, placement of structures, or similar restrictions, when circumstances such as topography, natural obstruction, hardship, aesthetic, or environmental considerations may require. Such variances must be evidenced in writing, must be approved by at least a majority of the Board, and shall become effective upon execution. The variance must be signed by a member of the Board and recorded in the Official Public Records of Brazos County, Texas. If such variances are granted, no violation of the covenants, conditions, or restrictions contained in this Declaration and/or the Dedicatory Instruments shall be deemed to have occurred with respect to the matter for which the variance was granted. The granting of such a variance shall not operate to waive any of the terms and provisions of this Declaration and/or the Dedicatory Instruments for any purpose except as to the particular provision hereof covered by the

variance, nor shall it affect in any way the Owner's obligation to comply with all applicable governmental laws and regulations.

No granting of a variance shall be relied on by any Member or Owner, or any other person or entity (whether privy or party to the subject variance or not), as a precedent in requesting or assuming variance as to any other matter of potential or actual enforcement of any provision of this Declaration and/or the Dedicatory Instruments. Action of the Board in granting or denying a variance is a decision based expressly on one unique set of circumstances and need not be duplicated for any other request by any party or the same party for any reason whatsoever.

Notwithstanding anything contained herein to the contrary, during the Development Period, the Declarant shall have the unilateral right to grant a variance of any of the covenants, conditions and restrictions contained herein so long as the variance is in keeping with the aesthetics of the Subdivision.

ARTICLE XIII. LIMITATION OF LIABILITY

NEITHER DECLARANT, THE ASSOCIATION, THE ARC, THE BOARD, NOR ANY OF THE RESPECTIVE OFFICERS, AGENTS, MANAGERS, PARTNERS, DIRECTORS, SUCCESSORS OR ASSIGNS OF THE ABOVE, SHALL BE LIABLE IN DAMAGES OR OTHERWISE TO ANYONE WHO SUBMITS MATTERS FOR APPROVAL TO ANY OF THE ABOVE-MENTIONED PARTIES, OR TO ANY OWNER AFFECTED BY THIS DECLARATION BY REASON OF MISTAKE OF JUDGMENT, NEGLIGENCE, OR NONFEASANCE ARISING OUT OF OR IN CONNECTION WITH THE APPROVAL, DISAPPROVAL, OR FAILURE TO APPROVE OR DISAPPROVE ANY MATTERS REQUIRING APPROVAL HEREUNDER. APPROVAL BY THE ARC, THE BOARD, OR THE ASSOCIATION, OR ANY OF THEIR RESPECTIVE OFFICERS, PARTNERS, DIRECTORS, AGENTS, MANAGERS, SUCCESSORS OR ASSIGNS, IS NOT INTENDED AS ANY KIND OF WARRANTY OR GUARANTEE AS TO THE INTEGRITY OR WORKABILITY OF THE PLANS NOR THE CONTRACTORS USED.

ARTICLE XIV. ASSESSMENTS

A. Creation of the Lien and Personal Obligation of Assessments

The Owners of any Lot, by virtue of ownership of Property within the Subdivision, covenant and agree to pay to the Association all applicable assessments and any fines, penalties, interest and costs as more particularly set forth in this Declaration and any Supplemental Amendment, including but not limited to the following:

1. Annual Assessment
2. Special Assessment
3. Capitalization Fee
4. Foundation Fee

The Annual Assessment, Special Assessment, Capitalization Fee, Foundation Fee (each defined hereinafter) and any other assessment or charge set forth in this Declaration or a Dedicatory Instrument (collectively the "Assessment"), together with attorney's fees, late fees, interest and costs shall be a charge and continuing lien in favor of the Association upon the

Homesite and/or Lot against which each such Assessment is made. Each such Assessment, together with attorney's fees, late fees, interest and costs, shall also be the personal obligation of the person or entity who was the Owner of the land at the time when the Assessment became due, unless otherwise provided in Article XV herein. No diminution or abatement of Assessments or set-off shall be claimed or allowed by reason of any alleged failure of the Association or Board to take some action or perform some function required to be taken or performed by the Association or the Board under this Declaration, or for inconvenience or discomfort arising from the making of repairs or improvements which are the responsibility of the Association. The obligation to pay Assessments is a separate covenant on the part of each Owner of a Lot.

B. Annual Assessments

1. Purpose

The Lots within the Subdivision shall be subject to the "Annual Assessment". Annual Assessments levied by the Association shall be used for any legal purpose for the benefit of the Subdivision as determined by the Board and, in particular, may, by way of example and not limitation or obligation, include maintenance, repair or improvement of Common Area, Area of Common Responsibility, sidewalks, pathways, fountains, parkways, private streets and roads, entry gates installed as a controlled access system, boulevards, esplanades, setbacks and entryways, patrol service, street cleaning, street lighting, mosquito control, landscape architecture, greenbelts, fences or walls, regulatory signage or directional signage, signalization, special pavement markings, entrances and entrance monuments, public or private art or sculptures, other services as may be in the Property's and Owners' interest and all buildings, services, improvements and facilities deemed necessary or desirable by the Board in connection with the administration, management, control or operation of the Subdivision. Notwithstanding anything contained herein to the contrary, pursuant to the requirements of the UDO, the Annual Assessments levied by the Association are hereby authorized to be used for the operation, repair, and maintenance of the City Parkland and all improvements located thereon. The Association may, in its sole discretion, give one or more of the purposes set forth herein preference over other purposes, and it is agreed that all expenses incurred and expenditures and decisions made by the Association in good faith shall be binding and conclusive on all Members. Parkways, fountains, private streets, roads, esplanades, setbacks and entryways that are not contained in any Common Area may be included in the Association's maintenance if, in the sole discretion of the Board, the maintenance of such areas benefits the Association's Members. Such share agreements for maintenance and improvement shall require the consent of a majority of the total number of directors of the Association. Additionally, Annual Assessments levied by the Association may be used, in the sole discretion of the Association, to pay the Association's fair allocation for costs related to the participation in any agreement with other property owners associations or with owners or operators of nearby property for the benefit of Association Members, such as to consolidate services, reduce costs, and provide consistency and economy of scale. Approval to enter such agreements shall require a majority vote of the Board, and the Board may act unilaterally to negotiate, execute, modify, or terminate such contractual arrangements.

Recognizing that, to some degree, the cost of administration and maintenance of the City Parkland, the Common Areas, and the Areas of Common Responsibility and the improvements located thereon (referred to as the "Amenities") is related to the use of the Amenities which is in turn related to the number of Dwellings that are occupied, pursuant to the requirements in the UDO, the Association shall maintain a reserve fund to be used for repairs, maintenance, insurance, additions, alterations, reconstruction, operation, replacement and/or enhancement of the Amenities, and may not be used for the general operations of the Association. The Board shall have the authority to determine the expenditure of the reserve fund, including but not limited to the sole discretion to determine the amount and timing of any such expenditures. The Board shall have the authority to annually determine the amount of the Annual Assessment for that year to be contributed to the reserve fund. The amount of the initial reserve fund contribution is one percent (1%) of the then-current Annual Assessment income received from Owners of Lots other than the Declarant, and shall remain at this level unless increased or decreased by resolution of the Board, or as shown in the Association's annual budget.

2. Creation

Payment of the Annual Assessment shall be the obligation of each Owner, subject to the provisions below, and shall constitute a lien on the Homesite, or Lot(s), binding and enforceable as provided in this Declaration.

3. Rate

The initial Annual Assessment established by the Association shall not exceed Eight Hundred Fifty and No/100 Dollars (\$850.00) per Lot. The combining of two or more Lots shall not forgive the obligation of the Owner(s) of such combined Lots to pay Annual Assessments on all Lots so combined. By way of example and not limitation, if two Lots are combined to create one Homesite, the Homesite shall be obligated to pay two Annual Assessments. Declarant shall elect annually to pay the deficit between the total approved operating budget for the year less the total amount due by Class A Members (the "Deficit"), or elect to pay Annual Assessments, so long as there is a Deficit, at the rate of fifty percent (50%) of the amount assessed Class A Members for each Lot owned. Notwithstanding anything contained herein to the contrary, the Declarant is hereby vested with the authority, without the obligation, to elect to pay the lesser of the options set forth in the previous sentence, even if the option selected results in the Declarant owing nothing. The Declarant's obligation to fund the deficit shall automatically terminate without further action or consent by any party, when Declarant no longer owns a Lot. Declarant is required to provide written notice to the Board each year by September 1st of the elected option. Failure to provide such notice will result in Declarant being billed in the manner of the last option taken by Declarant. If no option has ever been taken by Declarant, then Declarant shall be billed the difference between the total approved operating budget for the year less the total amount due by Class A Members. A Builder shall be responsible to pay one hundred percent (100%) of the Annual Assessment of other Lot Owners, for the period of time that the Builder owns a Lot. Notwithstanding anything contained herein to the contrary, any Lot being used by Declarant as a model home or sales office Lot shall not be subject to any Assessments created herein. Upon conveyance of such model home or sales

office Lot to a purchaser, said Lot shall thereafter be subject to all Assessments and charges provided for in this Declaration and as secured by the lien created herein.

4. Commencement

For purposes of calculation, the initial Annual Assessment for a Lot shall commence on the date of closing. Annual Assessments shall be due in advance on January 1st for the coming year and shall be delinquent if not paid in full as of January 31st of each year.

5. Proration

An Owner's initial Annual Assessment shall be made for the balance of the calendar year as determined on a pro-rata basis and shall become due and payable on the commencement date described above. The Annual Assessment for any year after the first year shall be due and payable on the first day of January. Any Owner who purchases a Lot or Lots after the first day of January in any year shall be personally responsible for a prorated Annual Assessment amount for that year.

6. Levying of the Assessment

The Annual Assessment shall be levied at the sole discretion of the Board. The Board shall determine the sufficiency or insufficiency of the then-current Annual Assessment to reasonably meet the expenses for providing services and capital improvements in the Subdivision and may, at its sole discretion and without a vote by the Members, increase the Annual Assessment in an amount up to ten percent (10%) annually. The Annual Assessment may only be increased by more than ten percent (10%) annually if such increase is approved by Owners of a majority of the Lots present, in person or by proxy, at a meeting called for said purpose at which a quorum is present in person or by proxy. The Annual Assessment shall not be adjusted more than once in a calendar year nor shall any increase be construed to take effect retroactively, unless otherwise approved by Owners of a majority of the Lots subject to such Annual Assessments present at a meeting called for said purpose at which a quorum is present in person or by proxy.

Annual Assessments shall be paid in such manner and on such dates as the Board may establish, which may include discounts for early payment or similar time/price and method of payment differentials. The Board may require advance payment of Annual Assessments at closing of the transfer of title to a Lot, and impose special requirements for Owners with a history of delinquent payment.

The annexation of all or a portion of property adjoining the Subdivision may result in the Board adjusting the rate of Annual Assessments to be charged to the annexed property such that the adjusted Annual Assessments may not be uniform with the Annual Assessments being charged to other Owners. The Board shall have the absolute discretion to determine any such adjustment on a case-by-case basis.

C. Special Assessment

In addition to the Annual Assessment authorized above, the Association may levy a “Special Assessment” applicable to that year only for the purpose of defraying in whole or in part the cost of any construction, reconstruction, modification, repair or replacement of a capital improvement in the Common Area or Area of Common Responsibility, or any unbudgeted expenses or expenses in excess of those budgeted, unusual, infrequent expense benefiting the Association, provided that any such Special Assessment shall have the approval of both (i) the Owners of a majority of the Lots present at a meeting duly called for this purpose at which a quorum is present in person or by proxy; and (ii) the written approval of the Declarant during the Development Period. Such Special Assessments will be due and payable as set forth in the resolution authorizing such Special Assessment and shall be levied only against those Owners subject to the Annual Assessment as set forth hereinabove and shall be prorated in accordance therewith. The Association, if it so chooses, may levy a Special Assessment against only those Lots benefited by or using the capital improvement for which the Special Assessment is being levied. Special Assessments shall be due upon presentment of an invoice, or copy thereof, for the same to the last-known address of the Owner. Declarant shall not be obligated to pay Special Assessments.

D. Capitalization Fee

Each purchaser of a Lot within the Subdivision, other than the Declarant, hereby covenants and agrees to pay to the Association a capitalization fee, which shall be an amount not to exceed one hundred percent (100%) of the then-current Annual Assessment (the “Capitalization Fee”), unless otherwise determined by the Board. Such Capitalization Fee shall be payable to the Association at the closing of the transfer of title to a Lot and shall not be prorated. The Capitalization Fee shall be in addition to, not in lieu of, the Annual Assessment and shall not be considered an advance payment of such Annual Assessments. The payment of the Capitalization Fee shall be secured by the continuing lien set forth herein and shall be collected in the same manner as Assessments.

The transferring Owner shall notify the Association’s Secretary, or managing agent, of a pending title transfer at least seven days prior to the transfer. Such notice shall include the name of the purchaser, the date of title transfer, and other information as the Board may require. The Capitalization Fee may be used by the Association for any purpose, which in the Association’s sole discretion is for the benefit of the Subdivision, including the placement of such Capitalization Fee in a reserve account.

E. Collection and Remedies for Assessments

1. The Assessments provided for in this Declaration, together with attorneys’ fees, interest, late fees and costs as necessary for collection, shall be a charge on and a continuing lien upon the land in favor of the Association against which each such Assessment is made. Each such Assessment, together with attorney’s fees, interest, late fees, and costs, shall also be the personal obligation of the Owner of the Lot at the time the Assessment became due unless otherwise provided in Article XV herein.

2. Any Assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the lesser of (1) eighteen percent (18%) or (2) the maximum non-usurious rate of interest. No Owner may waive or otherwise escape liability for the Assessments provided for in this Declaration by reason of non-use or abandonment.

3. In order to secure the payment of the Assessments hereby levied, a lien is hereby created in favor of the Association and shall run with title to each Lot in the Subdivision, which lien may be foreclosed upon by the Association pursuant to the laws of the State of Texas; each Owner grants a power of sale to the Association to sell such property upon default in payment by any amount owed. Alternatively, the Association may judicially foreclose the lien or maintain an action at law to collect the amount owed.

4. The President of the Association, or his or her designee, is hereby appointed Trustee to exercise the Association's power of sale. Trustee shall not incur any personal liability hereunder except for his or her own willful misconduct.

5. Although no further action is required to create or perfect the lien, the Association may, as further evidence give notice of the lien, by executing and recording a document setting forth notice that delinquent sums are due the Association at the time such document is executed and the fact that a lien exists to secure the repayment thereof. However the failure of the Association to execute and record any such document shall not, to any extent, affect the validity, enforceability, or priority of the lien. If required by law, the Association shall also give notice and an opportunity to cure the delinquency to any holder of a lien that is inferior or subordinate to the Association's lien, pursuant to Section 209.0091 of the Texas Property Code, or its successor statute.

6. In the event the Association has determined to foreclose its lien provided herein, and to exercise the power of sale hereby granted, such foreclosure shall be accomplished pursuant to the requirements of Sections 209.0091 and 209.0092 of the Texas Property Code by first obtaining a court order in an application for expedited foreclosure under the rules adopted by the Supreme Court of Texas. Notwithstanding anything contained herein to the contrary, in the event that the laws of the State of Texas are changed to no longer require a court order in an application for expedited foreclosure, the Association may pursue foreclosure of its lien via any method established herein, including but not limited to nonjudicial foreclosure, as may be permitted by the then-current law, without the necessity of amending this Declaration.

7. At any foreclosure proceeding, any person or entity, including but not limited to the Declarant, Association or any Owner, shall have the right to bid for such Lot at the foreclosure sale and to acquire and hold, lease, mortgage and convey the same. During the period such foreclosed Lot is owned by the Association following foreclosure, (1) no right to vote shall be exercised on its behalf; and, (2) no Assessment shall be levied on it. Out of the proceeds of such sale, there shall be paid all expenses incurred by the Association in connection with such default, including attorneys' fees and trustee's fees; second, from such proceeds there shall be paid to the Association an amount equal to the amount of Assessments in default inclusive of interest, late charges and attorneys' fees; and, third, the remaining balance, if any, shall be paid to such Owner. Following any such foreclosure,

each Occupant of any such Lot foreclosed on and each Occupant of any improvements thereon shall be deemed to be a tenant-at-sufferance and may be removed from possession by any lawful means.

F. Subordination of the Lien to Purchase Money Mortgages

The lien for Assessments, including interest, late charges, costs and attorney's fees, provided for herein shall be subordinate to the lien of any purchase money mortgage (including any renewal, extension, rearrangement or refinancing thereof) on any Lot or Homesite. The sale or transfer of any Lot or Homesite shall not affect the lien. The sale or transfer shall not relieve such Lot or Homesite from lien rights for any Assessments thereafter becoming due. Where the mortgagee holding a purchase money mortgage of record or other purchaser of a Lot or Homesite obtains title pursuant to foreclosure of the mortgage, it shall not be liable for the share of the Assessments or other charges by the Association chargeable to such Lot or Homesite that became due prior to such acquisition of title. However, from the date of foreclosure forward, such Assessments shall again accrue and be payable to the Association.

G. Notice of Delinquency

When the Association or its agent or designee gives a written notice of the Assessment to any Owner who has not paid an Assessment that is due under this Declaration, such notice will be mailed to the Owner's last known address. The address of the Lot or Homesite shall be presumed to be the address for proper notice unless written notice of another address has been provided by the Owner to the Association.

ARTICLE XV. FOUNDATION COMMITTEE

The Greens Prairie Reserve Foundation Committee (the "Foundation Committee") is a duly appointed committee of the Association, and is administered by the Board. The Foundation Committee is vested with advisory powers only and is not authorized to act on behalf of the Association. A "Foundation Fee", as set forth herein, shall be administered by, and subject to the jurisdiction of the Association, with the assistance of the Foundation Committee.

A. Number of Foundation Committee Members

The number of members of the Foundation Committee shall be no less than three (3) and no more than seven (7) who shall be appointed by the Board.

B. Composition of Foundation Committee

Foundation Committee members may be Members of the Association or non-members. However, all Members must be Members in Good Standing of the Association, as well as meet the following requirements:

1. Spouses or adults living in the same Dwelling cannot serve on the Foundation Committee at the same time.

2. The Foundation Committee members shall serve terms as established by the Board. The Board may establish staggered terms at the appointment of the initial Foundation Committee members. From and after the expiration of the term of office of the initial Foundation Committee Members, each subsequently appointed Foundation Committee member shall serve until their successors are appointed by the Board.

C. Operation of Foundation Committee

The Foundation Committee may provide input to the Board with respect to proposed expenditures of the Foundation Fee. The Foundation Committee will serve as the contact point for the Owners and others that will make requests for funding with respect to discussing proposed expenditures of the Foundation Fee. The Foundation Committee members may, but are not obligated to, attend all meetings of the Board (while not in executive session) and make recommendations to the Board.

D. Meetings of Foundation Committee

The Foundation Committee may hold meetings and may keep records of such meetings at the office of the Association, or such other places as may be established by the Foundation Committee members. At all meetings of the Foundation Committee, a majority of Foundation Committee members shall constitute a quorum.

E. Authority of Foundation Committee

The Foundation Committee operates only as an advisory body to the Board. A Foundation Committee member cannot authorize any transaction, expenditure of Association funds, expenditure of any Foundation Fee, or activities on behalf of the Association unless expressly granted in writing by the Board. The Foundation Committee shall not be involved in the routine management and operations of the Association. The Foundation Committee may make recommendations to the Board regarding making grants from Foundation Fees, establishing the recipient(s), means, and methods of distributing such funds from Foundation Fees.

F. Appointment, Removal, Resignations

A Foundation Committee member may be removed for cause from the Foundation Committee by the Board upon thirty (30) days written notice. "Cause" includes, but is not limited to:

The purposes of the Foundation Committee and the Foundation Fees are to invest in the future of Greens Prairie Reserve and the surrounding community, to supplement and complement the functions of the Association and to enhance services, amenities, and resources to the community through the sponsorship of programs, activities, events, and construction of improvements in and around Greens Prairie Reserve.

All Foundation Fees shall be collected by the Association and shall be deposited into a segregated account used for such purposes as the Board, upon recommendation by the Foundation Committee, deems beneficial to the general good and welfare of the Greens Prairie Reserve community. By way of example and not limitation, such Foundation Fees might be used to assist the Association, or one or more non-profit entities, or community projects in funding:

It is the Declarant's expectation that the utilization of the Foundation Fee will evolve with the life cycle of the maturing of Greens Prairie Reserve. The Foundation Committee will continually adjust its focus to provide the most relevant resident enrichments to the overall environment of Greens Prairie Reserve and the surrounding community. The Foundation Committee will evaluate grant applications and advise the Board of those programs that the Foundation Committee believes will contribute the greatest benefit to the overall community. The utilization of the Foundation Fee may be altered at any time by a decision of the Declarant during the Development Period and thereafter by the Board.

H. Obligation to pay Foundation Fee

Foundation Fees shall be levied on every real estate transaction as set out below.

1. Authority

The Board shall have the authority to establish and collect a Foundation Fee from the transferring Owner upon each transfer of title to a Lot within Greens Prairie Reserve (except transfers which are specifically hereafter exempted). Such Foundation Fee shall be payable to the Association at the closing of the transfer of the Lot and shall be secured by the Association's lien for Assessments established in this Declaration. The transferring Owner shall notify the Association's Secretary, or managing agent, of a pending title transfer at least seven days prior to the transfer. Such notice shall include the name of the purchaser, the date of title transfer, and other information as the Board may require.

2. Levying of the Foundation Fee

The Board, from time to time, shall determine the amount of the Foundation Fee. The Foundation Fee may be based upon a sliding scale which varies in accordance with the "Gross Selling Price" of the Lot, or a set dollar amount, or another factor as determined by resolution of the Board; provided, any such Foundation Fee shall be equal to an amount not greater than one percent (1%) of the Gross Selling Price of the Lot. For the purpose of determining the amount of the Foundation Fee, the Gross Selling Price shall be the total cost to the purchaser of the Lot including improvements, as indicated on the title company's closing statement.

The amount of the initial Foundation Fee shall be One Hundred Fifty and No/100 Dollars (\$150.00), and shall remain at this level until such time as the amount is changed by resolution of the Board.

The Foundation Fee shall be charged to the transferring Owner of a Lot, shall be due on the day of closing of a Lot and shall be delinquent if not paid in full on the day of closing for said Lot.

3. Exempt Transfers

Notwithstanding the above, no Foundation Fee shall be levied upon transfer of title to a Lot:

- (a) by a co-Owner to a person who was a co-Owner immediately prior to such transfer;
- (b) to the Owner's estate, trust, surviving spouse, or child upon the death of the Owner;
- (c) to any entity wholly owned by the Declarant; provided, upon any subsequent transfer of an ownership interest in such entity, the Foundation Fee shall become due;
- (d) to an institutional lender pursuant to a mortgage or upon foreclosure of a mortgage;
- (e) by Declarant to purchaser;
- (f) to Declarant (if Declarant repurchases a Lot); and
- (g) by the Association to a purchaser.

I. General Provisions

No Foundation Committee Member shall receive any compensation from the Association for acting as such; provided, however, that a Foundation Committee member may be reimbursed for expenses incurred on behalf of the Foundation upon approval of a majority of the Board.

J. Business Judgment Rule

Any act or thing done by any Foundation Committee member taken in furtherance of the purposes of the Foundation Committee, and accomplished in conformity with the procedures set forth herein, the laws of the State of Texas, and/or the Bylaws of the Association, shall be reviewed under the standard of the Business Judgment Rule as established by the common law of Texas, and such act or thing done shall not be a breach of duty on the part of the committee member if they have been done within the exercise of their discretion and judgment.

The Business Judgment Rule means that a court shall not substitute its judgment for that of the committee member. A court shall not re-examine the quality of the decisions made by the committee member by determining the reasonableness of the decision as long as the decision is made in good faith in what the committee member believes to be the best interest of the Association.

K. Indemnity

The Foundation Committee members shall be indemnified by the Association pursuant to the indemnification provision contained in the Association's Bylaws.

ARTICLE XVI. MODIFICATION AND TERMINATION OF COVENANTS

Notwithstanding anything contained in this Declaration to the contrary, in the event this Declaration, or a Supplemental Amendment, is amended and restated in the future, such amendment and restatement shall not affect or disturb the lien created herein or any annexation accomplished by the Supplemental Amendment, which lien and annexation shall continue to be in full force and effect from the date the Declaration and Supplemental Amendment were recorded.

A. Amendment by Declarant

In addition to specific amendment rights granted elsewhere in this Declaration, until termination of the Development Period, the Declarant may unilaterally amend this Declaration and any Supplemental Amendment for any purpose; provided, however, any such amendment shall not adversely affect the title to any Lots or Homesites unless the Owner shall consent thereto in writing.

After the expiration of the Development Period, the Declarant may unilaterally amend this Declaration and any Supplemental Amendment at any time without the joinder or consent of any Owners, entity, Lender or other person to amend this Declaration and any Supplemental Amendment if such amendment is (a) necessary to bring any provision hereof into compliance with any applicable governmental statute, rule or regulation, or judicial determination; (b) necessary to enable any reputable title insurance company to issue title insurance coverage on Lots and Homesites; (c) required by an institutional or governmental lender or purchaser of mortgage loans, including, for example, the Federal National Mortgage Association or Federal Home Loan Mortgage Corporation, to enable such lender or purchaser to make or purchase mortgage loans on the Lots or Homesites; (d) necessary to enable any governmental agency or reputable private insurance company to insure mortgage loans on Lots or Homesites; or (e) for the purpose of clarifying or resolving any ambiguities or conflicts herein or in any Supplemental Amendment, or correcting any inadvertent misstatements, errors or omissions herein or in any Supplemental Amendment; provided, however, any such amendment shall not adversely affect the title to any Lots or Homesites unless the Owner shall consent thereto in writing.

Any amendment to the Declaration or a Supplemental Amendment made by Declarant shall be recorded in the Official Public Records of Brazos County, Texas, whereupon to the extent of any conflict with this Declaration or Supplemental Amendment, and any amendment thereto, the more restrictive provision shall control.

Any amendment made by the Declarant shall become effective upon recording unless otherwise specified in the amendment.

B. Amendment by Owners

During the Development Period, this Declaration and any Supplemental Amendment may be amended, modified or terminated by the approval of Owners of a majority of the Lots and the written consent of the Declarant. After the termination of the Development Period, approval by the Owners of a majority of the Lots shall be required to amend, modify or terminate this Declaration and any Supplemental Amendment; provided however, any such amendment must be approved in writing by the Association. Upon approval of the Owners, as set out above of said amended declaration or amended supplemental amendment (as evidenced by the President's or Vice-President's signature) the amended declaration or amended supplemental amendment shall be recorded in the Official Public Records of Brazos County, Texas, whereupon to the extent of any conflict with this Declaration or Supplemental Amendment and any amendment thereto, the more restrictive provision shall control. For purposes of this Section, the approval of multiple Owners of a Lot may be reflected by the signature of any one Owner of such Lot.

Notwithstanding anything contained herein to the contrary, the Association shall be entitled to use any combination of the following methods to obtain approval of the Owners for an amendment to the Declaration and any Supplemental Amendment:

1. by written ballot, or electronic ballot as same may be established by the Board, that states the substance of the amendment and specifies the date by which a written or electronic ballot must be received to be counted;
2. at a meeting of the Members of the Association, if written notice of the meeting stating the purpose of the meeting is delivered to the Owners of the Lots; such notice may be hand-delivered to the Owners, sent via regular mail to the Owner's last known mailing address, as reflected in the Association's records, or via email to the Owner's email address as reflected in the Association's records;
3. by door-to-door circulation of a petition by the Association or a person authorized by the Association; and/or
4. by any other method permitted under this Declaration or applicable law. Any limitation of amendment to the Declaration and any Supplemental Amendment related to said Property shall not limit the rights of the Declarant pertaining to the Declaration and any Supplemental Amendment as otherwise herein reserved. Particularly reserved to the Declarant, is the right and privilege of Declarant to designate the use and architectural restrictions applicable to any portion of the Properties, as provided herein; and such designation, or subsequent change of designation, shall not be deemed to adversely affect any substantive right of any existing Owner.

ARTICLE XVII. ALTERNATE DISPUTE RESOLUTION

It is the intent of the Association and the Declarant to encourage the amicable resolution of disputes involving the Subdivision and to avoid the emotional and financial costs of litigation if at all possible. Accordingly, the following dispute resolution procedures control and attempt to resolve all claims, grievances or disputes involving the Subdivision, including, without limitation, claims grievances or disputes arising out of or relating to the interpretation, application or enforcement of the Dedicatory Instruments.

A. Dispute Resolution

No dispute between any of the following entities or individuals shall be commenced until the parties have submitted to non-binding mediation: Owners; Members; the Board of Directors; officers in the Association; or the Association.

Disputes between Owners that are not regulated by the Declaration shall not be subject to the dispute resolution process.

B. Outside Mediator

In a dispute between any of the above entities or individuals, the parties must voluntarily submit to the following mediation procedures before commencing any judicial or administrative proceeding. Each party will represent himself/herself individually or through an agent or representative, or may be represented by counsel. The dispute will be brought before a mutually selected mediator. Such mediator will either be an attorney-mediator skilled in community association law, a Professional Community Association Manager as certified by the Community Associations Institute, or a Certified Property Manager as certified by the Institute of Real Estate Managers. In order to be eligible to mediate a dispute under this provision, a Mediator may not reside in the Subdivision, work for any of the parties, represent any of the parties, nor have any conflict of interest with any of the parties. Costs for such mediator shall be shared equally by the parties. If the parties cannot mutually agree upon the selection of a mediator after reasonable efforts (not more than thirty (30) days), each party shall select their own mediator and a third will be appointed by the two selected mediators. If this selection method must be used, each party will pay the costs of their selected mediator and will share equally the costs of the third appointed mediator.

C. Mediation is Not a Waiver

By agreeing to use this Dispute Resolution process, the parties in no way waive their rights to extraordinary relief including, but not limited to, temporary restraining orders or temporary injunctions, if such relief is necessary to protect or preserve a party's legal rights before a mediation may be scheduled.

D. Assessment Collection and Lien Foreclosure

The provisions of this Declaration dealing with Alternate Dispute Resolution shall not apply to the collection of Assessments and/or the foreclosure of the lien by the Association as set out in the Declaration.

No such merger or consolidation shall cause any revocation, change or addition to this Declaration.

J. Current Address and Occupants

Owners are required to notify the Association in writing of their current address if other than the physical address of the Lot or Homesite at all times. If an Owner fails to notify the Association of their current address, the Association shall use the address of the Lot or Homesite as the current address. K. Security

NEITHER THE ASSOCIATION, ITS DIRECTORS, OFFICERS, MANAGERS, AGENTS, OR EMPLOYEES, NOR THE DECLARANT, NOR ANY SUCCESSOR DECLARANT SHALL IN ANY WAY BE CONSIDERED AN INSURER OR GUARANTOR OF SECURITY WITHIN THE PROPERTY. NEITHER SHALL THE ASSOCIATION, ITS DIRECTORS, OFFICERS, MANAGERS, AGENTS, OR EMPLOYEES, DECLARANT OR SUCCESSOR DECLARANT BE HELD LIABLE FOR ANY LOSS OR DAMAGE BY REASON OF FAILURE TO PROVIDE ADEQUATE SECURITY OR INEFFECTIVENESS OF SECURITY MEASURES UNDERTAKEN. L. View Impairment

Neither the Declarant, nor the Association, guarantee or represent that any view over and across the Lots, Common Areas, Areas of Common Responsibility, reserves or open space within the Subdivision will be preserved without impairment. The Declarant and the Association shall have no obligation to relocate, prune, or thin trees or shrubs or other landscaping. The Association has the right, without the obligation, to relocate, prune, thin, or add trees and other landscaping or improvements to the Common Area. There shall be no express or implied easements for view purposes or for the passage of light and air. No Owner has the right to object to the construction of improvements on any adjacent or nearby Lot, Area of Common Responsibility or the Common Area, based on the impact of such improvements on the Owner's view.

M. Video, Data and Communication Service Agreements

Subject to the approval of the Declarant during the Development Period, the Association has or may hereafter enter into an agreement with a service provider for the provision of cable television, data and/or other communication services in order to obtain access to benefits and services for the benefit of Owners and Dwellings located in the Subdivision. Every Owner shall cause all Occupants to comply with the foregoing, and every Owner shall be responsible for all violations, losses, or damages caused by an Occupant, notwithstanding the fact that such Occupant is jointly and severally liable and may be sanctioned for any violation. In addition to all other remedies available to the Association in the event of a violation by an Occupant, the Association may require that the Occupant be removed from and not be allowed to return to the Subdivision and/or that any lease,

agreement or permission given allowing the Occupant to be present be terminated.

O. Transfer of Title and Resale Certificate

1. Transfer of Title: Any Owner, other than the Declarant, desiring to sell or otherwise transfer title to his or her Lot shall give the Board at least seven (7) days prior written notice of the name and address of the purchaser or transferee, the date of such transfer of title, and such other information as the Board may reasonably require. The person, other than the Declarant, transferring title shall continue to be jointly and severally responsible with the person accepting title for all obligations of the Owner, including Assessment obligations, until the date upon which the Board receives such notice, notwithstanding the transfer of title.

Upon acceptance of title to a Lot, the new Owner of the Lot shall pay to the Association an administrative transfer fee to cover the administrative expenses associated with updating the Association's records, which transfer fee is supported by the lien created herein. Such fees shall be in such amount as the Board may reasonably determine necessary to cover its costs, including but not limited to, and fees charged by a management company retained by the Association for updating its records.

2. Resale Certificate: No Owner, other than the Declarant, shall transfer title to a Lot, together with the improvements thereon, unless and until he or she has requested and obtained a resale certificate signed by a representative of the Association as described in Chapter 207 of the Texas Property Code, or its successor statute ("Resale Certificate") indicating, in addition to all other matters described in Chapter 207, the information required in Section 5.012 of the Texas Property Code.

The Association may charge a reasonable fee to prepare, assemble, copy, and deliver a Resale Certificate and accompanying information and any update to a Resale Certificate, which charge is supported by the lien created herein.

P. Trademark

Declarant is the prior and exclusive owner and proprietor of, and reserves all rights with respect to the trademark for Greens Prairie Reserve ("Trademark"). Unless and until a written license agreement has been sought and obtained from Declarant (and in this connection Declarant may withhold consent in its sole and absolute discretion), no person or entity may at any time and/or for any reason whatsoever, use, depict, draw, demonstrate, reproduce, infringe, copy or resemble, directly or indirectly, the Trademark. Notwithstanding anything contained herein to the contrary, Declarant hereby specifically grants to the Association, a residential non-profit association which may hereafter be formed, or a non-profit master association which may hereafter be formed with jurisdiction over the Property (each such non-profit corporation is hereinafter referred to as an "Authorized User"), the right to use the Greens Prairie Reserve Trademark on a limited basis in the administration, consistent with the Dedicatory Instruments of the Subdivision, and enforcement of restrictive covenants encumbering the real property located within the Subdivision located in Brazos County, Texas. The right to use the Greens Prairie Reserve Trademark may continue for so long as an Authorized User (i) operates as a Texas non-profit

corporation in conformance with its Dedicatory Instruments and pursuant to its purpose; and (ii) does not engage in the development and/or sale of real property in the Subdivision.

Q. Number of Lots Subject to Declaration

The number of residential Lots that may be created in the Subdivision and made subject to this Declaration is 910. Provided however, this section does not constitute warranty or representation by the Declarant as to the total number of Lots that will ultimately be created and subjected to the provisions of this Declaration.

ARTICLE XIX. RIGHT OF REPURCHASE

Declarant hereby reserves, and shall have the right, but not the obligation to repurchase a Lot (the "Subject Lot") if the Owner (the "Affected Owner") thereof fails to Commence Construction of a Dwelling on the Subject Lot within 2 years after the date of purchase (the "Repurchase Period"). For purposes of this Article XIX, "Commence Construction" and/or "Commencement of Construction" means the beginning of the construction of a Dwelling on any Lot within the Subdivision, pursuant to plans approved in writing in advance by the ARC. Commence Construction does not include the clearing or grading of a Lot. The repurchase price shall be equal to one hundred (100) percent of the purchase price paid for the Subject Lot by the Affected Owner. The repurchase right will be exercised, if at all, by the Declarant by written notice to the Affected Owner on or before the expiration of the Repurchase Period or it automatically terminates.

Closing of such repurchase transaction shall be completed within ninety (90) days from the date of Declarant's notice to the Affected Owner of its election to exercise its repurchase right. At the closing of the repurchase, the Affected Owner must execute a Special Warranty Deed conveying title back to the Declarant. Such conveyance must be free and clear of any and all encumbrances placed upon the Subject Lot during the period of time that the Affected Owner held title to the Subject Lot.

The repurchase right shall run with the land and be binding on any future owners of the Lot for so long as the Lot remains unimproved. In the event the Affected Owner conveys title to the Subject Lot to a subsequent purchaser before the expiration of the Repurchase Period stated above, the subsequent conveyance does not begin a new Repurchase Period. The repurchase right shall automatically terminate upon Commencement of Construction of a Dwelling on the Subject Lot.

WHEREAS, Declarant caused to be recorded that certain Declaration of Covenants, Conditions and Restrictions for Greens Prairie Reserve under Document No. 1364753 in the Official Public Records of Real Property of Brazos County, Texas, as same has been amended and supplemented from time to time (the "Declaration"); and

WHEREAS, reference is made to the Declaration for all purposes, and the capitalized terms used in this Second Amendment have the meanings set forth in the Declaration, unless otherwise specified in this Second Amendment; and

WHEREAS, Article XVI of the Declaration grants Declarant the unilateral right to amend the Declaration at any time and for any purpose; and

WHEREAS, Declarant desires to amend the Declaration.

NOW THEREFORE, Declarant amends the Declaration as follows:

Article XIX, entitled "Right of Repurchase", is amended in its entirety and to read as follows:

" Each Owner of a Lot within the Subdivision must Commence Construction (as defined herein) on his or her Lot within two years after the date the Owner purchased the Lot (the "Construction Period"). For purposes of this Article XIX, "Commence Construction" and "Commencement of Construction" mean the beginning of the construction of a Dwelling on a Lot, pursuant to plans approved in writing in advance by the ARC. Commence Construction and Commencement of Construction does not include the clearing or grading of a Lot. If an Owner (the "Affected Owner") fails to Commence Construction on his or her Lot (the "Subject Lot") by the conclusion of the Construction Period, as provided for in this Article XIX, Declarant reserves, and has the right, but not the obligation, to repurchase the Subject Lot (the "Repurchase Right"), which Repurchase Right runs with the land and is binding on any future Owners of the Subject Lot for so long as Commencement of Construction has not occurred. **SECOND AMENDMENT TO THE DECLARATION OF COVENANTS,
CONDITIONS AND RESTRICTIONS FOR
GREENS PRAIRIE RESERVE**

STATE OF TEXAS §
 §
COUNTY OF BRAZOS §

This Second Amendment to the Declaration of Covenants, Conditions and Restrictions for Greens Prairie Reserve (this "Second Amendment") is made on the date hereinafter set forth by OGC CNO JV, LLC, a Texas limited liability company (the "Declarant") and shall be effective as of the date of recording in the Official Public Records of Brazos County, Texas.

WHEREAS, Declarant caused to be recorded that certain Declaration of Covenants, Conditions and Restrictions for Greens Prairie Reserve under Document No. 1364753 in the Official Public Records of Real Property of Brazos County, Texas, as same has been amended and supplemented from time to time (the "Declaration"); and

WHEREAS, reference is made to the Declaration for all purposes, and the capitalized terms used in this Second Amendment have the meanings set forth in the Declaration, unless otherwise specified in this Second Amendment; and

WHEREAS, Article XVI of the Declaration grants Declarant the unilateral right to amend the Declaration at any time and for any purpose; and

WHEREAS, Declarant desires to amend the Declaration.

NOW THEREFORE, Declarant amends the Declaration as follows:

Article XIX, entitled "Right of Repurchase", is amended in its entirety and to read as follows:

" Each Owner of a Lot within the Subdivision must Commence Construction (as defined herein) on his or her Lot within two years after the date the Owner purchased the Lot (the "Construction Period"). For purposes of this Article XIX, "Commence Construction" and "Commencement of Construction" mean the beginning of the construction of a Dwelling on a Lot, pursuant to plans approved in writing in advance by the ARC. Commence Construction and Commencement of Construction does not include the clearing or grading of a Lot. If an Owner (the "Affected Owner") fails to Commence Construction on his or her Lot (the "Subject Lot") by the conclusion of the Construction Period, as provided for in this Article XIX, Declarant reserves, and has the right, but not the obligation, to repurchase the Subject Lot (the "Repurchase Right"), which Repurchase Right runs with the land and is binding on any future Owners of the Subject Lot for so long as Commencement of Construction has not occurred. In the event an Affected Owner conveys title to the Subject Lot

to a subsequent purchaser before the expiration of the Construction Period, the subsequent conveyance does not begin a new Construction Period. The Repurchase Right automatically terminates upon Commencement of Construction of a Dwelling on the Subject Lot. The Repurchase Right will be exercised, if at all, by Declarant by providing written notice to the Affected Owner after the expiration of the Construction Period indicating Declarant's intent to exercise its Repurchase Right.

The repurchase price paid by Declarant shall be equal to 100% of the purchase price paid for the Subject Lot by the Affected Owner (the "Original Purchase Price"). As part of the repurchase of the Subject Lot by Declarant, the Affected Owner shall pay an amount equal to 1.5% of the Original Purchase Price to Declarant, which amount may be paid as commission to a sales agent facilitating the repurchase, if any. In addition, the Affected Owner shall provide, at its sole expense, an owner's standard title policy for the repurchase of the Subject Lot. With the exception of those expenses incurred in connection with obtaining a title policy, all closing costs will be shared equally by the Affected Owner and Declarant. At the closing of the repurchase of a Subject Lot, the Affected Owner shall be responsible for all outstanding amounts due to the Association related to the Subject Lot, including but not limited to Assessments, costs, fees, interest, and fines, if any. Notwithstanding anything contained in the Declaration to the contrary, the Annual Assessment amount due for the year during which a repurchase occurs will not be prorated and the Affected Owner shall be responsible for the full Annual Assessment amount. The Affected Owner shall be responsible for all tax obligations related to the Subject Lot up through the date of closing of the repurchase.

Closing of a repurchase transaction must be completed within 90 days from the date of Declarant's notice to the Affected Owner of its election to exercise its Repurchase Right. At the closing of the repurchase, the Affected Owner must execute a Special Warranty Deed conveying title of the Lot back to Declarant. Such conveyance must be free and clear of all encumbrances placed upon the Subject Lot during the period of time that the Affected Owner held title to the Subject Lot. "

If any provision of this Second Amendment is found to be in conflict with the Declaration, this Second Amendment will control. The Declaration, as hereby amended, is in all ways ratified and confirmed, and remains in full force and effect.

This Second Amendment may only be amended by an amendment to the Declaration as provided in Article XVI.

COUNTY OF BRAZOS §

This Supplemental Amendment to the Declaration of Covenants, Conditions and Restrictions for Greens Prairie Reserve, Section 4, Phase 404 (“*Supplemental Amendment*”) is made by OGC CNO JV, LLC, a Texas limited liability company (“*Declarant*”).

RECITALS:

WHEREAS, the Declaration of Covenants, Conditions and Restrictions for Greens Prairie Reserve is recorded under Clerk’s File No. 1364753 in the Official Public Records of Brazos County, Texas, as same has been or may be amended and supplemented from time to time (“*Declaration*”); and

WHEREAS, pursuant to Article III of the Declaration, the Declarant reserved the exclusive right to annex any or all of the Eligible Property described on Exhibit “A” of the Declaration into Greens Prairie Reserve and to subject said property to the Declaration and to the jurisdiction of the Greens Prairie Reserve Community Association, Inc. (the “*Association*”); and

WHEREAS, pursuant to the terms of Article III of the Declaration, the Declarant may subject additional property to supplemental restrictions that apply only to the real property being annexed and may create exceptions to, or otherwise modify, the terms of the Declaration in order to reflect the different or unique character or intended use of such annexed real property; and

WHEREAS, the Declarant is the owner of certain real property, as shown on the map or plat thereof, recorded under Document Number 2023-1506881, Volume 18734 Page 180, in the Official Public Records of Brazos County, Texas (hereinafter “*Section 4, Phase 404*”); and

WHEREAS, Section 4, Phase 404 is part of the Eligible Property described on Exhibit “A” of the Declaration; and

WHEREAS, reference is made to the Declaration for all purposes, and the capitalized terms used in this Supplemental Amendment have the meanings set forth in the Declaration, unless otherwise specified in this Supplemental Amendment.

NOW, THEREFORE, pursuant to the powers retained by the Declarant in the Declaration, the Declarant annexes Section 4, Phase 404 into Greens Prairie Reserve. Section 4, Phase 404 carries with it all the rights, privileges, and obligations granted to the Property initially encumbered by the Declaration, including, but not limited to, the right to be annexed, and is annexed into the body of the Property subject to the Declaration and submitted to the jurisdiction of the Association. Section 4, Phase 404 will be held, transferred, sold, conveyed, used, and occupied subject to the

covenants, Assessments, restrictions, easements, charges, and liens set forth in the Dedicatory Instruments, including, but not limited to, the Declaration and this Supplemental Amendment.

Pursuant to the powers retained by the Declarant in the Declaration, the Declarant designates, declares, adopts, establishes, and imposes the following supplemental restrictions for Section 4, Phase 404:

1. Square Footage Requirements

The square footage requirements for all Dwellings within Section 4, Phase 404, which do not include porches, garages or non-air conditioned areas, are as follows: 2,200 minimum square feet to 3,200 maximum square feet. The ARC has the discretion to make administrative adjustments to the foregoing minimum square footage of plus or minus ten percent (10%) without the requirement of a formal variance to be issued and recorded as set forth in the Declaration.

2. Building Setbacks

The minimum setbacks for Lots within Section 4, Phase 404 are as follows:

- Front building setback of 15’ from the front property line
- Rear first floor building setback of 7.5’ from rear property line
- Rear second floor building setback of 20’ from rear property line
- Interior side building setback of 7.5’ from the interior side Lot line
- Corner side building setback of 10’ from corner side Lot line
- Garage face setback 20’ from the property line parallel to garage face

The foregoing side setbacks apply to structures and improvements that are above grade and do not apply to flatwork.

3. Common Areas in Section 4, Phase 404

Owners of Lots within Section 4, Phase 404 are advised that the following Common Areas exist within Section 4, Phase 404 (collectively, the “Common Areas”):

COMMON AREA	USAGE
A	Trail, Drainage, BTU/FO Utilities & Access, Open Space
B	Trail, Drainage, BTU/FO Utilities & Access, Open Space
C	Drainage, Utilities & Open Space

Common Areas “A”, “B”, and “C” are also considered Preservation Areas as set forth on the Section 4, Phase 404 plat and described in detail in the Declaration.

Owners and Occupants agree to hold harmless the Declarant and the Association, including their respective directors and officers, and release them from all liability for the existence, placement, construction, design, operation, replacement, and maintenance of the Common Areas and agree to indemnify such released parties from all liability arising out of or related to such Owner’s or Occupant’s use of, or proximity to, the Common Areas. Each Owner and Occupant acknowledges and understands that the Association, its Board, and the Declarant are not insurers and that each Owner and Occupant assumes all risks for loss or damage to persons and property, and further acknowledges that the Association, its directors, officers, managers, agents, or employees, the Declarant or any successor declarant have made no representations or warranties nor has any Owner or Occupant relied upon any representations or warranties, expressed or implied, relative to the safety, any use, or any future change in use of the Common Areas.

Owners grant an easement to the Declarant and the Association, or their respective designees, for any noise, lighting, odors, parking, visibility, and traffic, which may occur in the operation of the Common Areas. There is further reserved for the Declarant, the Association, and their designees an easement to the extent necessary over portions of Lots located in proximity to the Common Areas for the overspray of water and any products used to control insects or vegetation within the Common Areas.

The Declarant and the Association have the right to promulgate rules and regulations governing the use of the Common Areas and are not responsible for any loss, damage, or injury to any person or property arising out of the authorized or unauthorized use of the Common Areas.

Owners and Occupants of Lots that are located in proximity to the Common Areas must take care and may not permit any trash, fertilizers, chemicals, petroleum products, environmental hazards, or any other foreign matters to infiltrate the Common Areas. Any Owner or Occupant permitting or causing such infiltration must indemnify and hold harmless the Association, including its directors and officers, for all costs of clean up and remediation necessary to restore the Common Areas to their condition immediately prior to said infiltration.

Notwithstanding the foregoing, the Association, and the Declarant (for so long as the Declarant owns property that is or may be subjected to this Declaration) may use and regulate the use of the Common Areas for the irrigation of the Common Areas, or for any other purpose deemed appropriate by the Board or the Declarant, subject to the terms of any easement agreement affecting such use. The Declarant’s rights under this Section are superior to any rights of the Association.

4. Community Fences

Community Fences will be constructed on or adjacent to those portions of the following Lots within Section 4, Phase 404:

- Lots 15 – 18, Block 19, common to that portion of Parkland Dedication area “D” of Section 1, Phase 101 facing Diamondback Drive

- Lot 18, Block 19, common to that portion of Parkland Dedication area “A” of Section 2, Phase 201A facing Diamondback Drive
- Lot 18, Block 19, common to that portion of Common Area “C”

Such Lots are considered Adjacent Lots and are subject to the provisions of the Declaration pertaining to Community Fences (as those terms are defined in the Declaration). The Declarant, the Association, or the owner of the Community Fences, as applicable, have an easement on such Adjacent Lots for the installation, maintenance, repair, and replacement of the Community Fences, as more particularly described in the Declaration. Save and except the fencing noted above, all other fencing located upon the Lots within Section 4, Phase 404 will be maintained, repaired, and replaced in accordance with the Dedicatory Instruments.

This Supplemental Amendment may only be amended as provided in Article XVI of the Declaration.

Section 1, Phase 105 carries with it all the rights, privileges, and obligations granted to the Property initially encumbered by the Declaration, including, but not limited to, the right to be annexed, and is annexed into the body of the Property subject to the Declaration and submitted to the jurisdiction of the Association. Common Areas “A”, “B”, “C”, and “D” are also considered Preservation Areas as set forth on the Section 1, Phase 105 plat and described in detail in the Declaration.

Owners and Occupants agree to hold harmless the Declarant and the Association, including their respective directors and officers, and release them from all liability for the existence, placement, construction, design, operation, replacement, and maintenance of the Common Areas and agree to indemnify such released parties from all liability arising out of or related to such Owner’s or Occupant’s use of, or proximity to, the Common Areas. Each Owner and Occupant acknowledges and understands that the Association, its Board, and the Declarant are not insurers and that each Owner and Occupant assumes all risks for loss or damage to persons and property, and further acknowledges that the Association, its directors, officers, managers, agents, or employees, the Declarant or any successor declarant have made no representations or warranties nor has any Owner or Occupant relied upon any representations or warranties, expressed or implied, relative to the safety, any use, or any future change in use of the Common Areas.

Owners grant an easement to the Declarant and the Association, or their respective designees, for any noise, lighting, odors, parking, visibility, and traffic, which may occur in the operation of the Common Areas. There is further reserved for the Declarant, the Association, and their designees an easement to the extent necessary over portions of Lots located in proximity to the Common Areas for the overspray of water and any products used to control insects or vegetation within the Common Areas.

The Declarant and the Association have the right to promulgate rules and regulations governing the use of the Common Areas and are not responsible for any loss, damage, or injury to any person or property arising out of the authorized or unauthorized use of the Common Areas.

Owners and Occupants of Lots that are located in proximity to the Common Areas must take care and may not permit any trash, fertilizers, chemicals, petroleum products, environmental hazards, or any other foreign matters to infiltrate the Common Areas. Notwithstanding the foregoing, the Association, and the Declarant (for so long as the Declarant owns property that is or may be subjected to this Declaration) may use and regulate the use of the Common Areas for the irrigation of the Common Areas, or for any other purpose deemed appropriate by the Board or the Declarant, subject to the terms of any easement agreement affecting such use. The Declarant’s rights under this Section are superior to any rights of the Association.

b. Detention

Owners of Lots within Section 1, Phase 105 are advised that there exists to the south and west of Section 1, Phase 105, outside the platted area, a detention area (“*Detention Area*”). One or more fountains have been or may be installed in the Detention Area, and the defined term of

It is possible for some or all of these conditions to extend into the Lots within Section 1, Phase 105.

Owners and Occupants agree to hold harmless the Declarant and the Association, including their directors and officers, and release them from all liability for the existence, placement, construction, design, operation, replacement and maintenance of the Detention Area and agree to indemnify such released parties from all liability arising out of or related to such Owner’s or Occupant’s use of, or proximity to, the Detention Area. There is further reserved for the Declarant, the Association, and their respective designees an easement to the extent necessary over portions of Lots located in proximity to the Detention Area for water and overspray of any products used to control vegetation within the Detention Area. Owners and Occupants of Lots that are in proximity to the Detention Area must take care and may not permit any trash, fertilizers, chemicals, petroleum products, environmental hazards, or any other foreign matters to infiltrate the Detention Area. Any Owner or Occupant permitting or causing such infiltration must indemnify and hold harmless the Association, including its directors and officers, for all costs of clean up and remediation necessary to restore the Detention Area to their condition immediately prior to said infiltration.

c. Adjacent Land

Owners are advised that there exists to the south and east of Section 1, Phase 105, outside the platted area, land that is not owned by the Declarant or the Association, as more particularly described on the Section 1, Phase 105 plat (“*Adjacent Land*”). Owners further grant an easement to the Declarant and the Association for any noise, odors, lighting, parking, and visibility of such Adjacent Land and traffic which may occur due to the existence of the Adjacent Land. Owners acknowledge that the Association, its directors, officers, managers, agents, and employees, the Declarant, or any successor declarant have made no representations or warranties nor has any Owner or Occupant relied upon any representations or warranties, expressed or implied, relative to safety, use, or any future change in use of such Adjacent Land. Owners whose

Lots are in proximity to the Adjacent Land must take care and may not permit any trash, fertilizers, chemicals, petroleum products, environmental hazards, or any other foreign matters to infiltrate the Adjacent Land. Any Owner permitting or causing such infiltration must indemnify and hold harmless the Association for all costs of clean up and remediation necessary to restore the Adjacent Land to its condition immediately prior to said infiltration.

4. Community Fences

Community Fences will be constructed on or adjacent to those portions of the following Lots within Section 1, Phase 105:

- Lot 1, Block 6, common to Common Area "C", facing Oldham Oaks Avenue
- Lot 1, Block 7, common to Common Area "A", facing Oldham Oaks Avenue

Such Lots are considered Adjacent Lots and are subject to the provisions of the Declaration pertaining to Community Fences (as those terms are defined in the Declaration). The Declarant, the Association, or the owner of the Community Fences, as applicable, have an easement on such Adjacent Lots for the installation, maintenance, repair, and replacement of the Community Fences, as more particularly described in the Declaration. 3. Notices

a. Common Areas in Section 4, Phase 401B

Owners of Lots within Section 4, Phase 401B are advised that the following Common Areas exist within Section 4, Phase 401B (collectively, the “*Common Areas*”):

COMMON AREA	USAGE
A	Drainage, BTU/FO Utilities & Access, Open Space
B	HOA, Landscape, Monument Signage
C	Trail, Drainage, Utilities, BTU/FO Utilities & Access, Open Space

D	Trail, Drainage, Detention, BTU/FO Utilities & Access, Open Space
---	---

Common Areas “A”, “B”, “C”, and “D” are also considered Preservation Areas as set forth on the Section 4, Phase 401B plat and described in detail in the Declaration.

Owners and Occupants agree to hold harmless the Declarant and the Association, including their respective directors and officers, and release them from all liability for the existence, placement, construction, design, operation, replacement, and maintenance of the Common Areas and agree to indemnify such released parties from all liability arising out of or related to such Owner’s or Occupant’s use of, or proximity to, the Common Areas. Each Owner and Occupant acknowledges and understands that the Association, its Board, and the Declarant are not insurers and that each Owner and Occupant assumes all risks for loss or damage to persons and property, and further acknowledges that the Association, its directors, officers, managers, agents, or employees, the Declarant or any successor declarant have made no representations or warranties nor has any Owner or Occupant relied upon any representations or warranties, expressed or implied, relative to the safety, any use, or any future change in use of the Common Areas.

Owners grant an easement to the Declarant and the Association, and their respective designees, for any noise, lighting, odors, parking, visibility, and traffic, which may occur in the operation of the Common Areas. There is further reserved for the Declarant, the Association, and their designees an easement to the extent necessary over portions of Lots located in proximity to the Common Areas for the overspray of water and any products used to control insects or vegetation within the Common Areas.

The Declarant and the Association have the right to promulgate rules and regulations governing the use of the Common Areas and are not responsible for any loss, damage, or injury to any person or property arising out of the authorized or unauthorized use of the Common Areas.

Owners and Occupants of Lots that are located in proximity to the Common Areas must take care and may not permit any trash, fertilizers, chemicals, petroleum products, environmental hazards, or any other foreign matters to infiltrate the Common Areas. Any Owner or Occupant permitting or causing such infiltration must indemnify and hold harmless the Association, including its directors and officers, for all costs of clean up and remediation necessary to restore the Common Areas to their condition immediately prior to said infiltration.

Notwithstanding the foregoing, the Association and the Declarant (for so long as the Declarant owns property that is or may be subjected to this Declaration) may use and regulate the use of the Common Areas for the irrigation of the Common Areas, or for any other purpose deemed appropriate by the Board or the Declarant, subject to the terms of any easement agreement affecting such use. The Declarant’s rights under this Section are superior to any rights of the Association.

b. Detention

Owners of Lots within Section 4, Phase 401B are advised that there exists to the northwest of Section 4, Phase 401B, a detention area (“***Detention Area***”). One or more fountains have been

or may be installed in the Detention Area, and the defined term of “Detention Area”, as used in this Supplemental Amendment, includes any such fountains. Owners are advised that there may be potentially dangerous conditions that may exist near or around the Detention Area such as, by way of illustration and not limitation, the following: holes, streams, roots, stumps, ditches, gullies, flooding, murky water, standing water, erosion, instability of natural topography, insects, reptiles, or animals. It is possible for some or all of these conditions to extend into the Lots within Section 4, Phase 401B.

Owners and Occupants agree to hold harmless the Declarant and the Association, including their directors and officers, and release them from all liability for the existence, placement, construction, design, operation, replacement and maintenance of the Detention Area and agree to indemnify such released parties from all liability arising out of or related to such Owner’s or Occupant’s use of, or proximity to, the Detention Area. Each Owner and Occupant acknowledges and understands that the Association, its Board, and the Declarant are not insurers and that each Owner and Occupant assumes all risks for loss or damage to persons and property, and further acknowledges that the Association, its directors, officers, managers, agents, or employees, the Declarant or any successor declarant have made no representations or warranties nor has any Owner or Occupant relied upon any representations or warranties, expressed or implied, relative to water levels, safety, any use, or any future change in use of the Detention Area.

Owners grant an easement to the Declarant, the Association, and their respective designees, for any noise, water, lighting, odors, parking, visibility and traffic, which may occur in the normal operation of the Detention Area. There is further reserved for the Declarant, the Association, and their respective designees an easement to the extent necessary over portions of Lots located in proximity to the Detention Area for water and overspray of any products used to control vegetation within the Detention Area. Owners and Occupants of Lots that are in proximity to the Detention Area must take care and may not permit any trash, fertilizers, chemicals, petroleum products, environmental hazards, or any other foreign matters to infiltrate the Detention Area. Any Owner or Occupant permitting or causing such infiltration must indemnify and hold harmless the Association, including its directors and officers, for all costs of clean up and remediation necessary to restore the Detention Area to its condition immediately prior to said infiltration.

c. Adjacent Land

Owners are advised that there exists to the southwest of Section 4, Phase 401B, outside the platted area, land that is not owned by the Declarant or the Association, as more particularly described on the Section 4, Phase 401B plat (“*Adjacent Land*”). Owners agree to hold harmless the Declarant and the Association, including their officers and directors, and release them from all liability for the existence of, any operations or construction thereon, and any maintenance associated with such Adjacent Land and agree to indemnify each of such released parties from all liability arising out of or related to such Owner’s proximity to the Adjacent Land. Owners further grant an easement to the Declarant and the Association for any noise, odors, lighting, parking, and visibility of such Adjacent Land and traffic which may occur due to the existence of the Adjacent Land. Owners acknowledge that the Association, its directors, officers, managers, agents, and employees, the Declarant, or any successor declarant have made no representations or warranties nor has any Owner or Occupant relied upon any representations or warranties, expressed or

implied, relative to safety, use, or any future change in use of such Adjacent Land. Owners whose Lots are in proximity to the Adjacent Land must take care and may not permit any trash, fertilizers, chemicals, petroleum products, environmental hazards, or any other foreign matters to infiltrate the Adjacent Land. Any Owner permitting or causing such infiltration must indemnify and hold harmless the Association for all costs of clean up and remediation necessary to restore the Adjacent Land to its condition immediately prior to said infiltration.

4. Community Fences

Community Fences will be constructed on or adjacent to those portions of the following Lots within Section 4, Phase 401B:

- Lot 1, Block 22, common to Common Area “B” and facing Oldham Oaks Avenue
- Lot 12, Block 22, common to Common Area “D” and facing Oldham Oaks Avenue

Such Lots are considered Adjacent Lots and are subject to the provisions of the Declaration pertaining to Community Fences (as those terms are defined in the Declaration). The Declarant, the Association, and the owner of the Community Fences, as applicable, have an easement on such Adjacent Lots for the installation, maintenance, repair, and replacement of the Community Fences, as more particularly described in the Declaration. Save and except the fencing noted above, all other fencing located upon the Lots within Section 4, Phase 401B will be maintained, repaired, and replaced in accordance with the Dedicatory Instruments.

This Supplemental Amendment may only be amended as provided in Article XVI of the Declaration.
